

Women Voters Ask Income Tax

LANSING (AP)—The League of Women Voters moved on Lansing Wednesday to lobby for a state income tax.

Some 150 leaguers took part in the second Capitol invasion by female lobbyists in as many weeks.

Just last Thursday, nearly 1,000 educators, teachers and parents, mostly women, were at the Capitol to plead for additional education funds.

The women voters invited their senators and representatives to lunch, then moved over to the Capitol to button-hole those they had missed.

"The Legislature had the responsibility to raise and spend money," Mrs. Robert Foerch, League president, told the lawmakers. "We know you know how to spend it. Now show us you know how to raise it."

Mrs. Foerch said the league has been seeking tax reform for 10 years.

"We haven't been tarred and feathered yet," she said to erase fear by lawmakers that a tax increase might result in voter retribution.

"Tax reform is long overdue," she said. "I hope the issue

doesn't outlive us."

Members were asked whether they had reservations about the desirability of a state income tax. A few started to raise their hands, then pulled them down.

The response was similar when the women voters were asked if their husbands favored the state income tax.

One delegate asked later, however: "How can we convince our husbands to vote for it?"

Many said they would like to see removal of the sales tax on foods and prescription drugs if the income tax is approved.

Delegates were present from Allan Park, Bay City, Dearborn, Dearborn Heights, Detroit, Farmington, Flint, Grand Haven, Grand Rapids, Jackson, Lansing, Livonia, Mount Clemens, Saginaw, Warren, West Bloomfield and Gratiot and Saginaw counties.

A second league dinner for legislators is planned for March 15. Major cities sending delegations will include Ann Arbor, Benton Harbor-St. Joseph, Kalamazoo, Pontiac, Port Huron, Royal Oak, Sault Ste. Marie and Ypsilanti.

North Escanaba Site Proposed To College

DeGaulle Won't Accept Britain In Euromarket

LONDON (AP)—The Labor government tested its popularity at home in three special parliamentary elections today as it got word from highly qualified diplomats that French President Charles de Gaulle wants to keep Britain out of the Common Market for three years or more.

Prime Minister Harold Wilson completed visits to Common Market capitals Wednesday to seek support for British membership. He reportedly found only three of the six — Italy, the Netherlands and Luxembourg — wholeheartedly in favor.

But the government was buoyed by a Bank of England forecast that Britain this year will have its first foreign trade surplus since 1962. The National Institute of Economic and Social Research, a private group supported by foundations and government agencies, estimated the foreign exchange surplus at \$440 million.

The institute said the government should be able to pay \$900 million due the International Monetary Fund on Dec. 1 with the surplus and its \$500 million in state holdings of dollar securities without touching the national reserves.

LOCAL PRESIDENT Bob Hall of the United Auto Workers 549 at Mansfield, Ohio, has stated that the strike at Mansfield's Fisher Body plant was unauthorized and was not an act by either the officers or the shop committee. The strike has virtually closed the plant. (AP Wirephoto)

Fisher Body Workers Defy Reuther Orders

DETROIT (AP)—President Walter P. Reuther of the United Auto Workers struggled today with the problem of a rebellious union local in Ohio that defied officials and struck a General Motors plant for the second time in 16 days.

Reuther sought a method to enforce a trusteeship he slapped on UAW Local 549 after workers failed to report to their jobs Wednesday night at the GM's strategic Mansfield, Ohio, plant. The company said about 850 of 1,200 men today reported for the day shift.

Wednesday night, however, some 90 per cent of the 300 workers on the overnight shift failed to report, indicating that the rebellion had its strongest backing on that shift.

The strike threat appeared momentarily ended Wednesday when day shift workers reported after a walkout by men on the overnight shift.

Some 1,500 of the local's 2,800 members voted to strike Wednesday night.

UAW officials called an emergency meeting of the union's national General Motors council to discuss the uprising. The meeting was set for 2 p.m. EST.

Appellate Administrator Reuther appointed an administrator to take over the reins from local president Robert Hall, who had been summoned to Detroit for talks with UAW executives. The UAW said Hall and other officers endorsed the trusteeship.

But Frank G. Petty Jr., a local shop committee chairman, ignored a similar summons to Detroit and called the strike-vote meeting after he declared "open war" on Hall and international officers.

The walkout was sparked by rumors that GM would fire Petty and four other workers who were among 29 suspended in the last strike. Neither GM nor

Board To Make Final Decision Next Week

By DAVE ANDREWS

A 133-acre site in the north Escanaba industrial park area near the city limits has been given top recommendation as the future home of Bay de Noc Community College by Davenport Associates, Inc., professional planners retained by the college.

Ranking a close second is a tract of some 120 acres west of the Area High School and south of the Holiday Bowl.

Those two locations emerged Wednesday night as the most likely choice by the College Board of Trustees for expansion.

Joseph Heirman, chairman of the board, said final decision would be made next week.

Recommendation of the north Escanaba site, which is owned by the City of Escanaba and is bordered on the south by the new Danforth Rd. and the east by U.S. 2 and 41, came after the planning firm evaluated 10 criteria for each of seven suggested sites in Delta County screened from an original 17 proposed to the College Board.

"On the basis of conclusions reached in the site study for Bay de Noc Community College, it is strongly recommended that the North Escanaba site be selected as the site for the forthcoming expansion program," the planners said in their report.

Using a point system for evaluation, giving a maximum of 10 points for each of the 10 criteria (100 points would be perfect), the North Escanaba site received 90 points, four more than the 86 points received by the site west of the high school.

Other sites considered by the planners and their point totals were:

Saunders Point Site, Gladstone, 76; Northwest Gladstone (bluff) site, 75; Adjacent to Fairgrounds, Escanaba, 69; Existing site, Escanaba, 65, and Masonville site, 58.

Criteria used in evaluation included initial cost of acquisition, acreage available, availability of utilities and sewer, etc., possibilities for expansion of 40-acre minimum site to 120 acres, location with respect to student residences in service area, desirability with respect to college image, location with respect to traffic access, etc., cost of constructing facilities with respect to geophysical conditions (soil, etc.), proximity of student-orientated community facilities and population, and natural beauty.

Mayor Harold Vanlerberghe of Escanaba, who said he had been authorized to speak for the City Council, told a meeting of the College Citizens Advisory Committee, faculty and administration members Wednesday night that the City would cooperate in any way possible with the college in acquiring any site over which the city has jurisdiction.

He said an unofficial poll of councilmen indicated the council would be willing to deed city land to the college for any "fair fee," including a \$1 fee if the college board felt this necessary.

According to the City Charter, action by the Planning Commission and public hearings would be needed before the Council could act.

Vanlerberghe, however, said he would not anticipate any difficulties in deeding to the college either of the two sites in Escanaba under consideration.

Although the recommended North Escanaba site is bisected north and south by an Escanaba & Lake Superior railroad spur and east and west by a 50-foot Upper Peninsula Power Co. power transmission right-of-way, Davenport Associates said in their report that these features of the site would cause no problems.

About 65 acres of the 133-acre site is located between the rail spur and U.S. 2 and 41, the report said, which would be adequate for immediate development.

The planners also said that relocation of the power line and railroad spur could be accomplished.

More than 400 farmers from eastern Michigan, members of the National Farmers Organization (NFO), demonstrated in front of the Michigan Milk Producers Association plant in Inlay City to call attention to their demands for a sales contract with the MMPA. No attempt to halt delivery trucks was made and there were no incidents reported. (AP Wirephoto)

Makers Recall 670,000 Autos Since January 1

WASHINGTON (AP)—Potential defects in more than 670,000 cars, trucks and buses — most of them 1967 models — have been reported to the government by domestic and foreign manufacturers since Jan. 1.

Commerce Department records showed today that most of the recalls were by the domestic big three — General Motors, Ford and Chrysler — for a variety of possible defects involving brake parts, steering shaft alignment and windshield wipers.

Three other domestic and seven foreign producers also are listed.

Some of the recalls have been announced publicly by the companies but this isn't required under the new traffic safety law.

Manufacturers are only required to report potential car and truck defects to the government and to inform owners so corrections, if needed, can be made.

A report to the government doesn't mean that all vehicles listed are defective.

Trio Mute In Jail Cell Death

HARRISON TOWNSHIP (AP)—The three cellmates of a prisoner beaten to death in the Macomb County Jail stood mute Wednesday when arraigned on charges of first-degree murder. Examinations were set for March 17.

They are accused of slaying Lewis M. Stevens, 36, a vagrant from New York, who died in a hospital last Thursday a few hours after he was found by guards.

Oswald Lawyer Called For Quiz By Grand Jury

NEW ORLEANS, La. (AP)—A grand jury moves into the controversial Kennedy assassination probe today with a subpoena for a lawyer who once included Lee Harvey Oswald among his clients.

The Orleans Parish (County) grand jury ordered Dean A. Andrews Jr. to appear at its secret session for questioning today.

It marked the grand jury's first step into the investigation, which Dist. Atty. Jim Garrison contends will prove that a conspiracy was hatched in New Orleans which culminated in the assassination of President John F. Kennedy in Dallas Nov. 22, 1963.

The Warren Commission said Oswald, a former New Orleans resident, shot the president and there was no credible evidence any one else was involved.

Andrews, who said he handled a few minor legal matters for Oswald in the summer of 1963, told the Warren Commission that — shortly after the assassination — a man he knew as Clay Bertrand telephoned him and asked that he represent Oswald.

Shaw Denies Alias

The FBI could never find a Clay Bertrand, Garrison contends that Clay L. Shaw, a prosperous New Orleans businessman, used the name Bertrand as an alias. Shaw said he has never used an alias.

Shaw, 54, former managing director of the International Trade Mart here, was arrested March 1 and booked on conspiracy to murder. He is free on \$10,000 bond.

Under Louisiana law, being booked does not constitute a formal charge. The question of formal charge may be decided Tuesday at an unusual preliminary hearing.

Yanks Suffer Heaviest Losses Of Vietnam War

SAIGON (AP)—The highest American losses of the Vietnam war were announced today, reflecting the steadily rising U. S. military effort and Communist retaliation with heavier mortar attacks, mines, booby traps and hit and run assaults.

The total casualties last week were 1,817 killed, wounded and missing. It included 532 dead, 1,285 wounded and four missing. Most were in the small skirmishes and fleeting Red jabs that have characterized the recent fighting.

While the over-all total was the highest of the war, the total of 283 killed was exceeded by one week in November, 1965, when 288 Americans died. But most of that death toll came in the fierce Ia Drang Valley battle, not in engagements scattered the length of South Vietnam.

The U. S. Command reported 1,730 Communists were killed last week, well above average but not a record. However, South Vietnam's "open arms" program to attract defectors dealt the Reds a hard blow. A record weekly total of 1,188 Communist soldiers and political workers came into allied lines waving the alps of paper granting them amnesty for turning on the Reds.

Allied statistics show the open arms program is attracting defectors at twice the rate of last year.

Another sign of the stepped-up war was the lifting of security wraps on the first major offensive operation in the Mekong Delta by troops of the U. S. 9th Infantry Division, the first big U. S. ground unit to be permanently assigned to that vital area which contains about one

third of South Vietnam's 15 million people and grows 80 per cent of its rice.

The division's 3rd Brigade arrived at Dong Tam, about 40 miles southwest of Saigon, in late January and has been digging in. The U. S. Command announced that more than 1,500 men of the brigade began sweeping the surrounding Viet Cong-infested paddy land two days ago in Operation Palm Beach.

In a series of skirmishes, the brigade has killed 42 Viet Cong in the operation, a U. S. spokesman said. Communist retaliation cost the brigade nine dead and four wounded in ground combat and two dead and 10 wounded when the Reds mortared the Dong Tam camp Wednesday.

The brigade's security sweep signals the beginning of stepped-up U. S. efforts in the delta, where 100 or more U. S. Navy small craft are also stationed to sweep into the narrow waterways with supporting fire. Three South Vietnamese divisions have borne the brunt of

the fighting in the delta until now.

The U. S. Command also announced that American military forces in Vietnam now total 417,400 — an increase of 2,400 last week — enabling Gen. William C. Westmoreland currently to keep 15 ground sweeps going at one time.

The biggest of these is Operation Junction City in which some 45,000 ground, air, communications, supply and other personnel have uncovered a mountain of Red supplies, bunkers and documents but relatively few enemy troops in Communist war Zone C near the Cambodian border. One U. S. soldier was killed there Wednesday, 21 were wounded and an American helicopter was forced down by ground fire.

The heaviest U. S. losses Thursday were reported from the mountains of coastal Phu Yen Province when a guerrilla force smashed a platoon position of the 4th Infantry Division. Of the U. S. force of about 45 men, 13 were killed, 27 were wounded and three were missing.

News In Brief

By The Associated Press

PARIS—GOP leader Richard M. Nixon started a busy round of talks with American officials on his fact-finding tour of Europe. He also expects to confer with French officials during his three-day stay.

LANSING—Governor Romney said today that the possibility of using the Civic Center as location for many Capitol activities had been discussed, should it be decided to renovate or tear down the old capitol building.

WASHINGTON—First to get a crack at a new swing from Mexico for Washington's parks was Lenora Bridgett, 9. Her ride was with Mrs. Lyndon B. Johnson doing the pushing. The swing is part of an equipment gift from the wife of the president of Mexico.

JAKARTA, Indonesia—Army troops wiped out a "Communist nest" in Central Java, killing a faith healer and about 80 of his followers. The news agency Antara said those slain were part of the Communist coupe movement.

WASHINGTON—The Adam Clayton Powell case is pushing Congress to the brink of drafting meaningful rules to police its own conduct. More than 75 bills proposing ethical standards have been introduced in the house to date.

CHARLEVOIX—Ending a hearing, County Probate Judge John Makel says he hopes to make a decision next week on possible legal action against a 16-year-old youth held in connection with a fatal shooting Feb. 27.

CAPE KENNEDY, Fla.—America's new "sunshine satellite" was working fine today as it whirled about the globe. It carries instruments to investigate sun spots and emissions from the sun and their effect on weather, communications and manned space flights.

Weather

By The Associated Press

ESCANABA AND VICINITY—Sunny, windy and warmer today, high 24. Partly cloudy and warmer tonight, low 28. Friday, cloudy and mild, chance of rain or snow and turning a little colder. Outlook for Saturday: snow likely. Southwesterly winds, 20 to 30 mph. High yesterday, 13 and low overnight, 6. Precipitation probabilities: today, near zero; tonight, 10%; Friday, 30%.

Upper Peninsula—Partly sunny, windy and warmer this afternoon. Mostly cloudy and a warmer tonight with chance of a little snow late tonight. Friday cloudy and a little colder with chance of occasional light snow. Low tonight 16 to 24. High Friday 28 to 34.

Delta Native Is Aide To G.O.P. Senators

By DOTTI CLUNE

Lansing, Mich.

LANSING — Charles H. Larson, administrative assistant to the senate majority and former editorial staff member of the Escanaba Daily Press, has called "the urgent need for new taxes" the biggest problem facing Michigan today.

"New taxes, probably including a state income tax, are absolutely necessary unless schools and all other state services are drastically cut," Larson said in a recent interview.

A native of Rock in Delta County, Larson, 53, resigned in January as city editor of the Lansing State Journal to accept his present position.

"Most people do not realize that only about 20 percent of the tax money collected by the state is used for state government operation," Larson said. The rest is returned to local units of government—including schools, cities, townships, and counties.

Must Compromise
"Schools get more than half of all state tax money," Larson said. "This year education at all levels is costing \$900 million. If new taxes are levied this year, it will be the first state tax increase in five years." Larson said it is especially difficult to pass legislation during this session because of the 55-55 split between Republicans and Democrats in the house and the Republicans' slim 20-18 margin in the senate. Although such a situation slows the legislative process, he said, the quality of legislation is improved because bills must be truly representative in order to be passed.

Larson called working in the legislature a lesson in compromise. "Many major issues are decided only after legislators of widely divergent views compromise until a bill is produced that a majority can support. People back home often feel strongly about an issue and do not appreciate the legislator's need to compromise."

Many Long Hours
"Not only must a senator or senator-elect compromise with fellow senators, but the senate as a whole frequently has to compromise with the house of representatives, and even with the governor's office, before a dispute can be resolved. Thus, a legislator often must vote for a bill even though he doesn't fully agree with it. It's a matter of settling for 'half a loaf' rather than none."

Larson said his new job is extremely interesting because

Gov. G. Mennen Williams; Lawrence Farrell, former executive secretary to Gov. Williams; and Alfred Lawrence, director of the finance division of the state highway department.

Larson is well-acquainted with the legislature and state agencies, having spent 16 years with the Lansing State Journal. During that time he was instrumental in bringing Kenneth L. Gundersen, present State Journal managing editor, and William J. Duchaine, State Journal feature writer, to the State Journal. Both Gundersen and Duchaine were former editors of the Escanaba Daily Press.

Larson covered the legislature as a political writer for the State Journal for five years. During that time he won first place in an Associated Press spot news writing contest for a story on a senate fight. The senate adopted a resolution commending the State Journal for its fairness and the high quality of its coverage of Senate operations.

Notable Career
Larson attended Rock High School, Cloverland Commercial College, Michigan State University, and the American Press Institute at Columbia University.

He joined the Escanaba Daily Press in 1954 and founded the Upper Peninsula Sportswriters Association. After leaving Escanaba in 1960, he worked in the Education Division of the State Conservation Department in Lansing and in the Detroit and Indianapolis bureaus of the Associated Press. Larson spent two years with the Chicago Tribune and was later state editor of the Grand Rapids Press and Sunday editor of the Grand Rapids Herald.

Larson's wife, Ruth, is secretary to Sen. Harold Volkmann (R-Holland), clerk of the senate committee on education. The Larsons have two daughters, Catherine, a senior in education at Central Michigan University in Mt. Pleasant, and Nancy, a high school senior who will soon enter nursing school.

Obituary

MRS. KARL J. HAMMAR
Funeral services for Mrs. Karl J. Hammar were conducted at 2 p.m. today at the Central Methodist Church with Rev. Robert Selberg officiating. Burial was in Gardens of Rest Cemetery. Pallbearers, all members of the official board of the church, were: Pete Christensen, Felix Johnson, John Holland, Marvin Vanderville, Jack Williams and Donald Guindon.

LAWRENCE LACOURSIER
Funeral services for Lawrence Lacoursier of Hermansville were held at 9:30 a.m. Wednesday at St. Mary's Church in Hermansville with Rev. Gervase Brewer officiating. Burial was in the Meyer Township Cemetery. Pallbearers were Richard Bedard, Willard Grondine, Eugene Bellmore, Herman Desmarais, Harry Poquin and Ray Peterson.

MRS. BIDA LARSON
Complete funeral services for Mrs. Bida Larson were held at 11 a.m. today at the Anderson-Johns Funeral Home with Rev. Reuben Carlson officiating. Burial was in Fernwood Cemetery.

Killed in War

WASHINGTON (AP) — Spec. 4 Hubert O. Th-Uot, son of Mrs. Lucille Th-Uot of Detroit, has been killed in action in Vietnam, the Department of Defense said Wednesday.

JFK Aide Says Johnson Ducks Peace Talk Now

WASHINGTON (AP) — A former top aide to President John F. Kennedy says the Johnson administration has hardened its terms for Vietnam peace talks and apparently "does not wish negotiations now."

The charge Wednesday by Arthur Schlesinger Jr., a special assistant to Kennedy and a Pulitzer Prize-winning author, drew an immediate White House denial.

Administration leaders "have made clear we're ready to negotiate an end to the war," said George Christian, White House press secretary.

Shortly before Schlesinger read his statement to a news conference, Ambassador Arthur J. Goldberg said the United States "is ready for unconditional discussions today" on ending the war.

Goldberg, chief U. S. envoy to the United Nations, was asked if U. S. policy calls for delaying talks until South Vietnam's constitutional government is installed later this year.

"That is not true," Goldberg replied. But Schlesinger said the administration has "hardened its terms, demanding today from Hanoi what it did not demand a year ago—the prior assurance of some reciprocal act as a condition to our ending the bombing of North Vietnam."

Hanoi has in the past interpreted U. S. offers of peace talks as a sign of weakness, said Schlesinger. Now administration policymakers are viewing recent North Vietnamese statements in the same light, he added.

"By this logic we cannot negotiate while we are behind

Briefly Told

Iron Ore Handlers Lodge 400 will meet at the Eagles Club at 7 p.m. Friday.

Duplicate bridge will be held at 1 p.m. Sunday at the Elks Club.

Order of Runesberg will meet at 7:30 p.m. today at the VFW Hall. Lunch will follow the meeting.

The Bay de Noc Board of Trustees will meet in regular session at 7:30 p.m. today at the college.

James B. Pouliot, 25, of Iron Mountain, was ticketed by Delta County Sheriff's officers for failure to yield the right of way after a minor accident Tuesday in Wells.

The Bay de Noc Toastmasters Club will meet at 6:30 p.m. Monday at Marco's Restaurant. Speakers will be James Olson, Ray Chase and Don Seymour.

The Promoters Square Dance Club is having a dance Saturday, March 11 at the Bay de Noc Community College in the Student Center at 8:30 p.m. Steve Baitie will be the caller.

The Michigan Board of Nursing will conduct examinations for professional nurses and practical nurses at Northern Michigan University April 26, 27 and 28. Applications must be filed in Lansing by Wednesday, April 5.

Barbershop singers meet tonight at 8:01 at the Senior Citizens' Drop-In Center for an important rehearsal. The group has an engagement coming up Saturday night. All male singers are welcome. Lunch will be served.

Traffic court summonses have been issued by Escanaba police to Ronald C. Blackie, Duluth, improper turn; Lawrence Nedeau, Ensign R. J. speeding; and to Rodney J. Goodchild, Escanaba Rte. 1, defective exhaust system.

Canada Party's Honor Guest Is Delayed 2 Hours

NEW YORK (AP) — When you're the guest of honor, and you've got a fife and drum corps in tow, and the party's nearly over, and you're two hours late and still stuck in traffic, it's a bit of a sticky wicket, eh wot?

That's the spot the Honorable James A.C. Auld was in Wednesday night, while the 100th birthday festivities for Canada roared merrily on.

The centennial party, tossed by the Thousand Islands Bridge Authority, began at 5 p.m. Auld, minister of tourism and information for the province of Ontario, was the guest of honor. Coming with him were fife and drummers from the Port Henry Guard of Kingston, Ontario, who were to play while a birthday cake bearing 100 candles was lit.

But Auld & Co. didn't arrive until 7 p.m., half an hour before the party ended, because they were caught in stalled traffic between LaGuardia Airport and the Overseas Press Club, in midtown Manhattan.

The party guests made do with cocktails and a string of jokes from toastmaster Harry Hirschfeld until the guests of honor arrived.

Auld rushed in to a storm of applause and the cake was speedily lit. Then followed a flurry of brief speeches in which Canada was wished many happy returns of the day.

Perhaps because of the late arrival of the guests of honor and the speedily approaching end of the party, the cake never got cut or eaten.

Fenton Moved To Washington Post

EAST LANSING (AP) — The U. S. Soil Conservation Service will transfer Earl M. Fenton, assistant state conservationist, to Washington, D. C., Sunday for work in the resource development division. Fenton, who started with the service in 1946 in Hastings, supervised watersheds and river basins in Michigan.

Surviving are his widow, Gladys, of Escanaba; two daughters, Mrs. Wilfred (Barbara) Hill of Iron Mountain and Janet Denison, at home; one stepson, Robert Kennedy of Queretara, Mexico, four grandchildren and two great grandchildren; one brother, Leo Denison of Levering, Mich.; one sister, Mrs. Gladys Kemp of Petoskey, Mich.

Friends may call at the Anderson Funeral Home from 5 to 9:30 p.m. Friday and complete funeral services will be conducted by the Rev. Karl J. Hammar at the funeral home chapel at 1:30 p.m. Saturday. Burial will be in Lakeside Cemetery, St. Ignace.

Rock
Army Pfc. Wayne C. Fournier, 20, son of Mr. and Mrs. Clarence Fournier, Rock, has been assigned to the 1st Cavalry Division in Vietnam. Pvt. Fournier, a photo laboratory specialist in the division's 11th General Support Aviation Company in An Khe, entered the Army in Feb., 1966, and was last stationed at Ft. Monmouth, N. J.

Legion Auxiliary
The Rock American Legion Auxiliary will hold a general meeting on Wednesday, March 15, at 8 p.m. at the Rock Lions clubhouse. The Auxiliary will meet with candidates for Girl's State, Ellen Bakka, Rita Kaukola, Nancy Weidum and Judy Linjala. Before the general business, each candidate will give a short talk on why she would like to represent Rock at Girl's State next June. The Auxiliary sponsors the trip to Girl's State.

Washington has an annual snowfall ranging from five inches along its coast to 600 inches on the southern slopes of Mt. Rainier.

Budget Higher
BAY CITY (AP) — The City Commission receives Friday a proposed city budget of \$4.8 million for 1967-68. The current budget is \$4.58 million.

CAA Funds Aid Dental Program

The Menominee - Delta - Schoolcraft Community Action Agency Executive Committee meeting March 7 at the Delta County Building received a report from Director Ray LaPorte that the Office of Economic Opportunity regional office, in Chicago, had approved a grant of \$3,000 to assist in financing the dental program being administered by the Delta Menominee Health Department.

The dental program, which was originally conceived and operated by the Escanaba Exchange Club, ran into financial difficulty some months ago. An appeal was made to Dr. Mary Cretens, director of the Health Department, for assistance. Promises of aid from various sources were obtained by Dr. Cretens, and when some of these failed to materialize, the Menominee - Delta - Schoolcraft Community Action Agency was requested to help keep the dental program going.

The program providing dental care to children from low-income families. (Title XIX, of the Social Security Act, Medicaid, which was to furnish dental care on April 1, 1967, was cut back due to lack of funds.)

Community Action, which had an unexpended balance from its 1966 summer Head Start program, submitted a request to have \$3,000 transferred to the dental program. The grant was approved and will expire July 1, 1967, but it is expected, said LaPorte, that the Legislature will have appropriated funds to implement the Title XIX Program by that time, thus assuring continuance of dental care for needy children.

Reports were also given to the executive committee on pending projects including the High School Diploma Program, Neighborhood Facilities Act program, Senior Citizen Service Center, Commu-

ity Health Resources Program and changes in the SBCD (Small Business Development Center) and SBA (Small Business Administration) Programs.

The six area representatives attached to the Community Action Agency reported a total of 343 requests for assistance and information in February.

Presiding was Chairman Fred H. Hahne, Manistique. Attending were: Edwin Wuehle, Manistique; Donald Crawford, Escanaba; Mrs. Dorothy Cavill, Rapid River; Carl Grassl, Menominee; Carl R. Anderson, Escanaba; Joe Sagataw, Harris; David Olive, Stephenson; Elmer England, Menominee; Mrs. Olive Beauchamp, Wilson; Mrs. Barbara Turnquist, Escanaba; Mrs. Ina Wiitala and Mrs. Eino Salmi, Rock; Mrs. Lyle Bouchard, Manistique; and Mrs. Mary Kelly, Germfask.

Strap Broke, She Pays Topless Fine
LAWTON, Okla. (AP) — Shirley A. Johnson, 24, says it was all a mistake — she didn't perform a topless dance at a tavern last month — a strap on her go-go costume broke.

But the Special Sessions Court judge, Jack Brock, wasn't sympathetic. He found Mrs. Johnson guilty of outrageous public decency and fined her \$100 and court costs.

Port Director
BAY CITY (AP)—William A. Lynch, present Bay County planner, is to be named temporary director of this port's recently acquired Free Foreign Trade Zone. His selection was announced by Allen L. Baillargeon, chairman of the Bay County Foreign Trade Zone Committee.

Church To Aid Fund Campaign
The First Presbyterian Church of Escanaba has committed itself to a \$50 million fund for capital needs of the church throughout the world.

The congregation committee met Wednesday night at the Church at 7, with opening prayer by the Rev. Philip Lyon. Robert Mosenfelder, chairman for the congregation gifts committee, conducted a training session for the captains and their workers.

There are six captains: Robert Meyers, Merritt Kason, George Sealand, Warren Danner, Henry Doubleday and Mrs. Donald Fitch. Each captain will have a team composed of five workers, who in turn will call on members of the congregation. A training film was presented by Co-Chairman William L. Miller, who conducted a question and answer session. Those present were enthusiastic regarding the success of the campaign.

John Greene is chairman for the advanced gift committee and is assisted by captains Warren Lee and Thaxter Shaw. The other co-chairman for the Fifty Million Fund campaign is Sherwood Trotter.

Ruppe Asking Alewife Control

Congressman Phil Ruppe today introduced legislation in Congress to control the alewife population in the Great Lakes. In a statement on the floor of the House of Representatives Ruppe said, "The alewife explosion in the Great Lakes is so tremendous it staggers the imagination. It is estimated that Lake Michigan alone contains 15 billion or more of these herring-like fish.

"The alewife," Ruppe continued, "is a major source of pollution in Lake Michigan. Perhaps as many as 10 billion die each year. They clog water intakes during the spring spawning season, and may be responsible for preventing the swift regeneration of lake trout."

"However," Ruppe said, "it should also be recognized that the alewife represents a potential source of livelihood for commercial fishermen. It is a potential source of food for game fish and may prove to be usable in the production of fish protein concentrate, thereby increasing its commercial value."

The Ruppe bill authorizes the Secretary of Interior to undertake cooperative programs for the control of the alewife and other anadromous species

in the Great Lakes. The measure would amend a law passed by the last Congress which calls for the "conservation, development, and enhancement" of these anadromous fish but does not provide for their control.

"At one time commercial fishing was a major industry in the Great Lakes," Ruppe said, "and sport fishing was renowned. The sea lamprey nearly ended all that, but a cooperative and constructive program has diminished this menace. Now we have a new problem, which like the lamprey, must be tackled if we are to conserve and develop the Great Lakes as a major fishing ground. My bill would put us in a position both to control the alewife when necessary, and at the same time utilize techniques to develop the alewife as a major new economic resource. Properly controlled the alewife could spur the economy of Northern Michigan and the entire Great Lakes Region."

In Service

SP/5 Michael Powers, son of Mr. and Mrs. Raymond Powers, has been promoted to specialist first class. He is serving in the tank division in Germany in the K Troop. He's been in Germany since August of 1965.

Washington State College is located in Pullman, Wash., at an elevation of 2500 feet.

CURTIS R. Dewar, 502 S. 7th Ave., Escanaba, is participating in the University of Michigan Glee Club for the winter term.

Escanaban Doing Foreign Research

KALAMAZOO—More than half of Kalamazoo College's seniors are spending the winter quarter away from the campus engaged in senior independent projects. As part of Kalamazoo's plan for year-around education, each senior is required to spend either the fall or winter quarter doing research for a thesis or practice teaching.

Students off-campus this winter and their projects include Richard Anderson, of Escanaba, a Spanish major, who is doing research in Bogotá, Colombia. He is the son of Mr. and Mrs. Axel Anderson, 1701 5th Ave. S.

Veterans Group Elects Koish

The Escanaba Veterans Council, in session Thursday evening at the VFW Hall, elected Don Koish as Commander. Also elected were Tom Nault, adjutant, and Ken Parlatto, chaplain.

Koish is a Life Member of Escanaba AMVETS Post 123 and a Regular Member of the VFW. He is employed as classified advertising manager of the Daily Press.

In further business, the Council voted to support and assist in any way, the American Legion during the U. P. Convention which will be held in Escanaba in June.

The delegates also voted to advise the Governor and the Michigan Legislature to do what is necessary to open the Veterans Trust Fund to veterans of the Viet Nam crises and other cold war veterans.

Science Seminar In 7th Year

Tech Aids High Schoolers

HOUGHTON—A group of area high school students is finding out that learning can be fun at Michigan Tech. They are participants in the annual Copper Country Science Seminar.

This seminar, now in its seventh year of operation, began when interested individuals in the area decided to start an after-school series for students with a keen interest in science. The resulting program represents the combined efforts of high schools throughout the four Copper Country counties, businesses and the university.

Michigan Tech provides classrooms, laboratories and most of the instruction; the school districts provide teaching assistance and transportation for their students, and various businesses provide field trips and occasional speakers. Because it is a voluntary program, neither the instructors nor anyone else involved receives compensation. Local businessmen treat students and faculty to a dinner at the program's conclusion each spring.

High school juniors in the first-year seminar attend two-hour lecture-demonstrations every Monday, except during holidays. One of these Monday sessions is usually superseded each month by a Saturday field trip.

Students in the second-year program do not attend these lectures. Instead, they work independently with a high school or university faculty advisor on whatever project they desire.

"The single most important principle in this program is that it encourages competent, independent study at an early age," said Dr. Gene Hesterberg, head of Tech's Forestry Department and chairman of the senior program. "This then becomes a valuable asset as such self-disciplined study is so important for college students."

Topics discussed in the junior program so far this year have covered such diverse subjects as "Geometrical Analogies," "Satellites," "Solar Astronomy," "Generation of Electric Power," "The Analogue Computer" and "The Theory of Evolution." Tech faculty members present most of the lectures, but previous speakers have included representatives from such area firms as the Upper Peninsula Power Co., Michigan Bell Telephone Co., Calumet & Hecla, Inc., and the White Pine Copper Co.

This year's field trips have included visits to MTU's Ford Forestry Center at Alberta, the John Warden Power Station at L'Anse, the Cleveland Cliffs iron mines at Republic and Ishpeming and the Celotex Corp. at L'Anse. Trips later this year are tentatively scheduled for the Hoerner Box Co. at Ontonagon, the White Pine copper mines and the Calumet Radar Base.

Powers-Spalding

Fluoride Program

The fluoride program will be held this summer at the Powers Spalding High School. Consent cards were sent home for pre-school children, second, fifth and eighth grade students. Cards and the \$3.00 fee must be returned to school by Friday, March 10.

If there are any questions, call Mrs. Donald Graham or Mrs. Louis Fazer.

The St. Ann Society of St. Francis Xavier parish, Spalding, held their regular monthly business meeting on Monday evening, March 6 at the parish hall.

Slides of modern art were shown by Sister Alverna. Mrs. William Wheeler then opened the business meeting with prayer.

A report was given on Catholic truth by Mrs. Wilfred Fleetwood. A letter on the Council of Catholic women was read and also a letter from the deanery office reminding women of the meeting which will take place in Escanaba on April 1 and 2. Dale Francis, noted editor, will be the main speaker. Delegates to this meeting will be Mrs. Wheeler and alternate delegates is Mrs. Fleetwood.

Refreshments were served by the Sacred Heart Circle. The April meeting will be in charge of the Carmella Circle.

Child Is Hit By Car, Hurt

Listed today in poor condition, unconscious and suffering from a head injury is Nancy Jean Lewis, 5, of 1108 Sheridan Road, who was struck by a car at 3:58 p. m., Wednesday.

She is the daughter of Mr. and Mrs. Donald Lewis.

The child was rushed to St. Francis Hospital by ambulance after she ran into the street in the 1100 block, Sheridan Road, and into the path of a car driven by Steve R. Sabor, 54, of 1412 N. 16th St.

Escanaba police said that Sabor was driving north on Sheridan Road when the accident occurred. The little girl was

Eastern Plans Building Projects

YPSILANTI (AP) — Eastern Michigan University's Board of Regents has requested legislative approval of \$11,945,000 for new self-liquidating building projects.

The university says the projects will be financed by bond issues and paid for with revenues received from their use at no cost to the taxpayer.

Included are an 11-story hall to house 1,200 students, a 100-unit apartment complex for married students, a parking ramp for 730 cars and a football stadium to seat 12,500.

struck by the left front fender of the auto and thrown to one side.

The car did not pass over her, witnesses told police.

Social Insecurity

The young people of this country ought to be told what the old folks are doing to them under the good name of social security.

The good name has a nice ring: Social and security; what's better than that?

But when President Johnson's proposals for increases in social security benefits—and taxes!—are enacted as they almost certainly will be—our young people will face a future in which the federal government will have its hand in their pocket for their whole working lifetime deeper than it's ever been before.

When they get through their working years and retire they will have contributed all but 15 per cent of the money that they'll get back from the government in social security payments. When a school bond issue runs for 29 years, which is about the usual period for debt retirement, the interest cost is usually about as much as the principal.

In other words, when the taxpayer pays for a school half his money goes for payment of the principal of the debt and the rest only pays for the interest on the principal.

And a working lifetime is usually longer than 29 years. If a person starts work at 21 and works until retirement at 65 he will have had 44 years of social security levy on his paycheck. For the lifetime use of his money he'll get 15 per cent, although he had to pay 100 per cent for the use of the money to build the school that his kids attended.

Monsanto's Lion Oil Co. News Roundup notes that payroll deductions for social security were increased starting last Jan. 1 to 4.4 per cent, based on earnings up to \$6,600. Your employer also had the social security tax bite on him increased in the same amount on that date.

Last year you paid 4.2 per cent on \$6,600 or a total of \$277.20 to the social security funds. This year with the 0.2 per cent increase, you will pay \$290.40. If you make \$6,600 or more a year, you and your employer put in \$580.80 each year as a total.

If you started work at age 21 and worked until you were 65 and if there were no more increases in social security payments you and your employer would contribute a total of \$25,555.20 during the 44 years of your employment.

If these contributions were placed in a trust fund accruing 4 per cent interest a year, the interest over 44 years would amount to approximately \$22,500. That means at age 65 you would have at least \$48,055 in your account. With that amount of money in the bank drawing interest at 4 per cent you could withdraw \$160 a month for the rest of your life in interest alone and never touch the principal!

If you chose to spend all you had accumulated in your account you could draw about \$560 a month for 10 years before you ran out of funds and in addition you could work and earn as much as you pleased without losing your income.

The maximum amount payable under social security is between \$124 and \$135 a month.

The "social" part of the security spreads the benefits around until they're very thin. Because the payments are so small in terms of increasing needs there is a huge pressure to constantly increase them. The process is self-defeating but the American people don't believe it yet and Mr. Johnson is confident that any proposal for more social security is political sure-fire.

Student Cat's-Paws

By RAY CHOMLEY
WASHINGTON — (NEA) — There are increasing signs that Communist Party USA leaders have decided students today occupy the strategic position industrial workers did in the 1930s.

One sign of this is the speed with which young Communist professionals are able to jump in to spark campus demonstrations on a wide variety of issues—whether it's South Vietnam, the draft, "free speech" on campus, ROTC training, "corporate power control" or the universities or CIA activities.

Another sign is the large number of youth the Communist Party USA took into its national committee at the last U. S. Communist party convention.

The protests—whether on the Vietnam war or on "free speech"—are merely a Communist means for infiltrating a few highly trained Communist youth leaders into non-Communist youth fronts.

The Communist leaders do not expect to turn these student associations into Red groups. They do hope to get a few of their men and women into key posts in a number of large student groups so as to influence the course of action these groups take in sensitive situations.

This infiltrating is usually achieved by the Communists helping to form large loose youth fronts on some particularly hot subject. The Communist activists are usually hard workers. They can offer practical organizing experience. They get things done.

Since they've been in on the ground floor in organizing the front, it is natural that they end up in key positions.

After they're known as front leaders on this issue or that, they're often invited to join in the discussion of some of the individual student groups which make up the front.

The Communist youth leaders also jump to start or help organize demonstrations, such as the University of California at Berkeley "free speech" demonstrations. When the Communist activists secure positions of leadership, they turn this publicity into enough votes to win campus offices.

Questions And Answers

Q—Why are the people of Greece referred to as Hellenes?
A—The name stems from Hellen, son of Deucalion and Pyrrha, legendary ancestor of the true Greeks.

Q—Who discovered the Pacific Ocean?
A—Vasco Balboa, the Spanish navigator, but Ferdinand Magellan, the Portuguese navigator, gave it its name.

Q—Is Bonnai an ancient art?
A—Yes. The earliest authentic record of Bonnai is found on a Japanese scroll of 1310, with pictures of dwarfed trees in containers.

Q—Which of our vice presidents was of American Indian ancestry?
A—Charles Curtis of Kansas, whose mother was a full-blooded member of the Kaw tribe of Indians. Mr. Curtis served as vice president under Herbert Hoover.

Canada Concerned Over Wood Supply

From Financial Post

Within another century it may not be possible to determine whether some large Canadian manufacturing concerns began their industrial lives as makers of pulp and paper, chemicals, textiles, lumber or liquor.

The reason: All these materials may soon be produced from wood. Some scientific seers regard the nation's forests as a huge renewable source of chemicals for a diversity of uses. Already, some companies are extracting wood chemicals; others are making clothes and disposable household items from pulp.

Many materials (mostly plastic) have been developed as substitutes for paper, although very few are found to equal paper's low cost. Canadian researchers have not closed their eyes to the possibility that one day a serious competitor for wood may be developed. But they say that paper, versatile as it is, would likely be used in composite sheets with the new materials and that it will also service new, hardly tapped markets.

One such market may be disposable dishes. Some are already available to the consumer. Researchers believe a relatively simple improvement in their quality would make such dishes highly competitive with porcelain for use at light meals or picnics.

Quite soon, the character of the Canadian pulp and paper industry is expected to change.

At present, the converting part of the industry is highly fractured—composed of many small companies each making a few of the many kinds of envelopes, boxes, etc., that the market needs. Within a few years, major Canadian primary producers are expected to integrate forward heavily into the converting end of the industry.

Papermaking machines will be part of the evolution. At present they are big and costly. New machines, now under development, will be much smaller and will cost about \$1.5 million less (on a total cost of about \$7 million). Running costs will be about \$80,000 a year less and productivity is expected to increase by about 35 per cent. Woodland workers may soon see underground pipelines for transporting, direct to the mill, chips made where the trees are cut.

Canada's birthday is, for her pulp and paper industry, a year of rebirth. Slight labor pains can be felt in some parts of the industry, but by 1969-1970 a healthy giant is expected on the scene.

By 1970, Canadian pulp capacity will be more than 20 million tons. It was 17.1 million tons at beginning of 1966. In 1970, the softness in the pulp market caused by expansion in Canada and other countries is expected to have passed, with demand reasserting itself strongly.

The Doctor Says:

Let Child Set His Pace

By Dr. Wayne G. Brandstedt

Every child does not learn to talk at the same age. Some say a few words at 11 or 12 months and some say very little until they are three or more. Most children fall somewhere between these extremes. If your child is not talking by the time he is 14 months old you should have his hearing checked. If it is normal, relax. Don't try to pressure him by refusing to give him names he points at until he names it. If you want to teach your dog to sit up and beg, do so, but your child is not a dog.

The more a child likes you, the more he will want to be like you, so talk to him in a calm pleasant voice as much of the time when you are with him as you can. Some children never do say single words but at the age of about three they start talking in well-rounded sentences. It is said that Albert Einstein was over three years old before he started to talk. His parents were plenty worried but he made out all right!

In some children undue pressure in other matters, such as toilet training, will make them hesitate to start talking. Their watchword seems to be: "Let's lick one problem at a time. Gee, mom, I can't learn everything all at once!"

Q—What should be done with a 7-year-old child who is nervous and high-strung?
A—Nervousness is a vague term that may indicate restlessness, easy fatigability, overexcitability, short span of attention or timidity without apparent reason. In some children these symptoms may be a result of being pushed beyond their mental or physical capacity, competition with older brothers or sisters or a reflection of anxiety in the parents.

The first step in treatment is to try to find the cause and correct it. It is important to let the child know that he is loved irrespective of his accomplishments and to arrange a well-balanced diet. If the child is too sugar.

seriously, try to inject a little gaiety into the family life.

Q—Last April my 22-month-old daughter died of meningococemia. It took her off after only six hours of illness. What caused it and is there any cure for it?

A—In this disease meningococci, a type of bacteria, invade the blood stream. Although meningococcal infections are generally amenable to treatment with penicillin, the tragic type known as fulminating infection leave everyone, including the doctor, utterly helpless because it works so fast.

Contributions are welcome. They cannot be over 200 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

NURSING
In your article "Nursing Home Shortage Critical, Board Learns" you state I said "The other alternatives are establishment of 'home care' services where nurses would visit elderly persons in their homes on a regular basis to provide medical services."

Apparently there is some misunderstanding here. We have been offering home nursing services since 1960. This is an intermittent nursing service given under physician's direction.

Dressings, injections, baths, enemas and similar services are performed by the Delta-Menominee District Health Department nursing staff in the patients' homes.

Mary L. Crestens, M.D., Director Delta-Menominee District Health Dept.

West	North	East	South
1 ♠	Pass	2 ♠	Pass
Pass	Double	Pass	3 ♠
Pass	Pass	3 ♠	Pass
Pass	Pass	Pass	Pass
Opening lead—♥ 7			

In yesterday's column we mentioned that West would probably have made three spades had he played the hand.

The hand was in a Dallas duplicate. At some tables West did play at two spades. At others, East went to three spades after the bidding proceeded as shown in the box.

North would open a heart. West would win and look over dummy without too much enthusiasm. He would be looking at five probable losers and his problem would be to make one disappear into thin air.

Here is the way Bud Trenholm succeeded with this magic. He drew trumps with two leads and led a diamond from dummy. South played low and Bud, West, played his queen. North won with the king, cashed his king of hearts and led the jack and another diamond.

Bud ruffed in dummy and was ready with the magic. He simply played ace and another club. South was in with the king and had to lead a red card. Bud ruffed in dummy and discarded his last club.

This is an example of an elimination play that could have been stopped if North had seen what was going to happen and led a club after cashing his king of hearts. South's ten would have forced West's ace. Later, South would get in with the ace of diamonds, cash his king of clubs and get out of the lead by playing a third diamond for dummy to ruff.

This type play comes up quite often and it was particularly hard for North to guard against it, in view of the fact that in general you just don't lead dummy's long suit.

CHORD Sense

Q—The bidding has been:
West North East South
1 ♠ Pass 2 ♠
Pass 2 ♠ Pass 2 ♠
You, South, hold:
♠ K J 4 3 ♦ K 6 5 4 ♣ K 7 4 3
What do you do now?
A—Bid three diamonds. You rather like this suit.

TODAY'S QUESTION
You bid three diamonds and your partner bids three spades. What do you do now?
Answer Tomorrow

Canada Approves Island Resort

TORONTO (AP) — A U. S. resident's plan to develop a Canadian island in the Detroit River has been approved by the Ontario Municipal Board.

But Detroit's E. J. "Manny" Harris, who plans to spend \$30 million developing Peche Island into a commercial-recreational facility, was ordered to meet two qualifications.

He must provide transportation, such as a bridge or ferry boat, between Windsor and the island, and water and sewer facilities must be installed.

Harris plans to build a hotel, marina and a golf course on the island in the next five years.

Ann Landers

Ann Defends Right To Full Night Rest

Dear Ann Landers, I read with interest the tragic and hilarious expressions both for and against the Wall Street Warriors. No one came up with an answer. Not even the great Ann Landers.

I have a practical solution for money-hungry egomaniacs who are too tired for love. I hope that you have enough courage to print it. Today we have Medicare, and here in Wisconsin we are trying Judicare—a plan which entitles the underprivileged to legal aid.

Why not set up a government-supported agency called Sexicare? This agency could relieve the tensions of the overworked husband and the underloved wife. Sexicare would be looked upon not as recreation, but as a mental measure. Preventive medicine, if you please.

No emotional involvement, no guilt, no broken marriages with half-orphaned children and the murderous alimony hook. Just instant relief for the needy.

With someone like you behind the program, Ann Landers, it would be an overnight success.—FRIEND OF MANKIND

Dear Friend: When you get a congressman to sponsor this phony bill, let me know. And then we'll talk.

Dear Ann Landers: I just read the letter from the man who is now 55 and has never enjoyed life because he has always been worried about dying. He blames his father (who was a hypochondriac) and will continue to blame him as long as he lives.

Please, Ann Landers, tell people to quit blaming their parents for their inadequacies and failures. Tell them to accept responsibility for themselves. Most parents make mistakes simply because they are ignorant or fearful. If outside help is needed to face life, people ought to drag their carcasses to the nearest psychiatrist and begin the struggle for maturity and self-understanding.

To sit around and blame one's parents for 55 years is nonsense. Pass this word, will you please?—GROWN UP

Dear Up: Consider it passed. And now may I add a word of my own? We are all the products of our upbringing, but thousands of people rise above poor upbringing and they achieve splendid victories against tremendous odds. If you don't believe me, just look around.

Dear Ann Landers: Please do a million mothers a favor and print something to make American fathers get up during the night when a new baby needs attention.

My husband is very helpful until bedtime, but once he turns in for the night he refuses to get up for anything.

When my last baby was born, my obstetrician told me to take it easy for three weeks. I asked my husband to give the baby her 4:00 a.m. bottle and he said, "I need my rest at night. You can nap during the daytime."

How about as assist from you, Ann Landers? ... EXHAUSTED MOM

Dear Exhausted: I'll be in your corner for three weeks after you come home from the hospital. After that I'm going into your husband's corner.

Some husbands are living dolls about getting up at night—and lucky is the wife whose husband is a willing nocturnal helper. But a woman CAN nap during the daytime if she must. If a man needs an uninterrupted night's sleep to function properly, he should have it.

To solve some of the frustrations, disappointments and disillusionments of married life, send for Ann Landers' booklet, "What to Expect from Marriage," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

UAW To Decide Bargaining Goals In Detroit Meet

DETROIT (AP)—The United Auto Workers union said Wednesday that 1967 collective bargaining goals and a new program of international organizing would be the major topics of discussion at a three-day meeting of the union's agricultural implement and industrial equipment council.

UAW Vice President Pat Greathouse, director of the agricultural implement department, said delegates to the council, which meets today, would submit recommendations to the union's special collective bargaining convention, which meets in Detroit, April 20-22.

The delegates represent more than 150,000 UAW members at International Harvester, John Deere, Massey-Ferguson, Caterpillar, Allis-Chalmers, J. I. Case and other companies.

Greathouse is to report to the delegates on a program developed at Geneva, Switzerland, March 1-2, by representatives of more agricultural implement workers in eight nations.

The program, among other things, calls for "guaranteed annual incomes for all workers and protection for workers who are victims of technological change."

UAW President Walter P. Reuther has repeatedly called for guaranteed annual incomes for auto workers in his contract negotiations with the auto industry.

Greathouse said the Geneva session was called by the UAW and the International Metalworkers Federation "to act on union studies of European subsidiaries of multinational agricultural implement corporations."

Other goals outlined at the meeting were, "full recognition in all countries of the rights to organize and bargain collectively," and "a shorter work week, elimination of overtime, additional paid holidays, longer vacations with a paid bonus, vocational training and early retirement."

Represented at the Geneva meeting were the United States, Canada, Great Britain, West Germany, France, Italy, Belgium and Sweden.

State Gives Up Beetle Spraying

LANSING (AP)—The State Agriculture Department reports it is giving up large scale spraying to try to control the cereal leaf beetle in Michigan this spring.

Last year, the State and U.S. Departments of Agriculture treated some 750,000 acres in southwest Michigan with aerial spray to reduce the beetle buildup.

Department Director B. Dale Ball said spraying has not provided the complete answer to control of the pest.

When the beetle first was discovered five years ago, only Berrien County was known to be infested.

The entire Lower Peninsula now has been placed under beetle quarantine, reflecting the spread of the grain-damaging insect.

Ball still advised individual farmers to check their crops and be prepared to spray if beetles are detected.

He said the department will concentrate this year on intensive study of the life cycle of the pest and the release of natural parasites that prey on the beetle.

This will be combined with a close enforcement of a quarantine to insure that all hay, straw and grain moving out of infected areas are treated to destroy the beetles.

Ball said although there has been extensive research "not enough is known" to do an effective job of beetle control.

"Agriculture throughout the Middle West can be seriously affected if this insect is not controlled," he added.

JOHN WESLEY Williams Jr., 18, son of a former Winnebago County deputy sheriff, was charged with murder in the execution-style shootings of 14-year-olds Ronald L. (Chuck) Johnson and R. Wayne Mullendore. The boys were shot to death in the Leving Park pavilion at Rockford, Ill. (AP Wirephoto)

Swiss Car Show Opening Today

GENEVA, Switzerland (AP)—Over 1,000 exhibitors from 21 nations put their wares on display at the 37th Geneva International Motor Show which opens here today.

Despite the current slump in car sales, car makers are well aware that Switzerland is one of the world's most lucrative markets. The Swiss make no cars of their own and registrations for 1966 totaled 1,119,187.

Matra of France, with its 330 sports car, has the only completely new automobile on display.

Britain continues its tradition of having the largest number of makes on display—24 this year. West Germany, Italy and the United States each have 12 different models, followed by France with seven.

Farmer Work Week Varies

EAST LANSING (AP)—Michigan State University agricultural economists have calculated the average Michigan dairy farmer worked 3,200 hours last year—61 hours a week. This compares with 2,400 hours for fruit growers, or 46 hours a week, but these farmers concentrate most of their working time in a few months, the economists said.

Beaver Trapping Areas

BEAVER AND OTTER TRAPPING REGULATIONS
1967

UPPER PENINSULA TRAPPERS may take beaver and otter in Area C (Menominee County) April 1-12; Area B from April 1-19, and Area A April 1-24. Eight beavers and two otters may be trapped in Area A, six beavers and two otters in Areas B and C. Closed to trapping are the areas and streams marked in black on the map.

Uniroyal Cuts Work Forces

DETROIT (AP) — Uniroyal Inc., said Wednesday that lower auto production was forcing it to layoff 1,200 workers at plants in Michigan and Alabama.

The firm said the 300 production workers at its Opelika, Ala., plant and 800 production workers at the Detroit plant would be laid off for two weeks beginning Monday.

The Opelika plant employs a total of 450 persons and the Detroit plant 3,200.

Uniroyal, formerly known as U. S. Rubber Co., is the largest producer of original equipment tires, with General Motors Corp. drawing the biggest share of Uniroyal's tires.

GM's auto production was sharply curtailed in the past two weeks because of a parts shortage that led to layoffs of 195,000 workers in 85 GM plants. The shortage stemmed from a seven-day wildcat strike in a key parts plant in Mansfield, Ohio.

Developer Plans Private Park In Bear Dune Area

KALKASKA (AP) — A landowner said Wednesday he plans to develop a 1,400-acre private park in the Sleeping Bear Dunes area, where development has stood still because of proposals to make the area a national park.

A bill to create a 61,000-acre Sleeping Bear Dunes National Lakeshore area came up in Congress again this week, but Pierce Stocking of Kalkaska said he started his plans before the new bill was introduced.

Similar bills first started coming up about five years ago and "It has been a long, black time as far as any development in the area," Stocking said. Lack of development, he said, has depressed the local economy.

Stocking owns scenic land in the heart of the proposed lakeshore area. He said he plans to build roads and camping facilities to give sightseers better access to the dunes.

Most of the bills in Congress, he said, have provided that any development after the bill was introduced would not be recognized in the purchase price when the government bought land for the lakeshore area.

Wait Is Too Long
"This is unfair to impose on an area for the length of time this has run," Stocking said.

Stocking's land lies just west of Glenn Lake and includes a large hill in the dunes which is climbed by thousands of tourists each year.

"Most people assumed it was state land," he said. "We haven't minded the public using it." Stocking said he hoped to have roads open by July 1 to a

GOP Women Are Accused Of Plot

WASHINGTON (AP) — Phyllis Schlafly, passed over by a panel that nominated a California woman for the presidency of the National Federation of Republican Women, has hinted she'll stage a floor fight to win the top spot.

"This is another attempt by the New York liberals to purge from office those who wholeheartedly supported Sen. Goldwater in 1964," Mrs. Schlafly said in a telephone interview from her Alton, Ill., home.

The seven-member nominating committee Tuesday named Gladys O'Donnell of Long Beach to head the 500,000-member organization. Mrs. Schlafly, now the federation's first vice president, was not named for any post on the committee's slate.

Cornell

4-H Club
President, Irma Woodard, led the business meeting of the Cornell Tots and Teens 4-H club held at the town hall recently. Club members were advised of rules for county achievement day to be held on April 1.

Local achievement will be held on March 30 at the town hall. All club members are to report at the hall on Sunday, March 19 at 1 p. m. Talent numbers will be rehearsed and girls will practice modeling. Members will assist the leaders with decorations.

The club will again have an auction table and each family is asked to donate an item for the event. There will be a personal improvement meeting and also a sewing meeting at the hall on Monday, March 13 after school.

Mrs. Robert Thompson and Mrs. Howard Scheuren attended Michigan's 11th annual 4-H leader-meet at Michigan State University. The theme for the weekend was "It's a Small World". Leaders informed the group that they received a lot of good information and had a very nice trip. Members enjoyed recreation after the meeting.

WBSB Meeting
The W. S. C. S. of the Cornell Methodist Church will meet on Monday March 13 at 3 p. m. at the church. Prantosh Nag of Bay de Noc Community College will be guest speaker. Hostesses will be Mrs. Warren Rose and Mrs. Alfred Dahl Jr.

Women's Activities

How To Lose Weight? Peggy Seeks Answer

By PEGGY M. BRYSON

So here I am bragging about my willpower with smoking and yet I can't seem to say "no" to my hunger pains (which are all but constant). It is very distressing.

So, with the cooperation of the Daily Press, I am once again going out on a limb, offering myself for public inspection in an effort to lose weight.

In case you think I've been beating around the bush, you're right. The hardest part of this project is coming up right now. I have to tell the whole world (well, my whole world) that I weigh 158 pounds. (I even lost two pounds so I wouldn't have to admit to 160). There! I've said it. I usually fib; sometimes of the clothes, house and car, I chop off as much as 15 pounds in conversation.

I've been the whole route. I've told people I've got big bones but nobody's got bones that big! I've mentioned "gland trouble", whatever that is; and pound extra layer of adipose tissue (which is added to the already five pounds or so too much I had before).

Peggy M. Bryson

wouldn't look good if I were any thinner. At least now I'm wise to these fat people pitfalls.

I've tried diet pills, which do work, but as soon as I stop taking them, I start gaining weight again. I never yet to obesity but always a shade higher than I (and my doctor) would like.

My goal is 140, just about right for my five foot, eight inch frame, big bones and all, and a size 12 dress (currently I'm size 14). So I hereby resolve to change my way of eating, not just worry about calories, but to be constantly aware that some foods are not for me.

Now, I want you all to understand that I have a king-sized handicap in the person of my husband, Dick, (typical Jack Spratt type) who is earnestly trying to gain 20 pounds, of all things. Dick, as you might guess, loves potatoes, homemade bread, popcorn, chocolate malts, etc. Did you ever make bread, smell that aroma and have the will power to say no? Me either.

So my project is really two-fold, chiseling 20 pounds off

St. Joseph's HS Plans Spring Card Party

The St. Joseph's Home and School meeting held Wednesday evening, March 8, was well attended.

An informative program was introduced by program chairman, Mrs. James Wren. Sister M. Francis de Paul, introduced the topic, 'Language Arts Curriculum,' and explained the implementation at the intermediate level, followed by Sister M. Edward Ann, who discussed the primary program. Sister M. Cleomene, discussed literature at the junior high level.

Plans for the Home and School card party to be held April 18 were discussed. Mrs. Elmer Bonifas is chairman of the card party. Plans were also made for the 8th grade graduation breakfast.

Refreshments were served by the fourth grade mothers, Mrs. Elmer Bonifas, Mrs. Clem Sharkey, Mrs. Larry Curran and Mrs. Ron Timler.

Washington PTA Meets Monday

The Washington PTA will meet Monday at 8 p.m. at the school with room visitation scheduled for 7:30 p.m. The speaker for the evening will be Miss Leona Dougherty, speech pathologist at Bay de Noc Community College.

An Easter bonnet preview has been planned and mothers are to make a hat from household articles. Fathers will be judges. Prizes will be awarded.

of me and putting them on Dick. I'll send a progress report next week. But don't expect miracles, this isn't a crash or fast diet, this is an actual regimen designed to improve my looks as well as health.

MR. AND MRS. RAY Christensen, 1103 Washington Ave., Escanaba announce the engagement of their daughter, Judy, to Frank Destramp, son of Mr. and Mrs. Earl Destramp, 310 N. 12th St. The bride-elect is a 1966 graduate of Escanaba Area High School and is employed at Robert's Shoe Store. Her fiancé is a graduate of Escanaba High School and is employed at Morley-Murphy. He is presently serving with the National Guard at Fort Leonard Wood, Mo. No date has been set for the wedding. (Ridings Studio)

Girl Scouts At Area Meeting

"Values to Hold—Worlds to Explore" was the theme of a Senior Girl Scout conference in Manitowoc attended by four Senior Scouts from the Delta County area recently.

They are Diane Rose, Pat McMonagle and Katie Priniski from Troop No. 1, Escanaba, and Pat Walbeck, Troop No. 4, Gladstone.

The conference topics included the role of women in politics, the handicapped, criminals in our society, and teenage problems. The four who attended the session will share

their experience with area Scouts.

The Girls Scouts were honored at a banquet, with Mrs. Stewart Honeck, a professional model, the speaker. A dance at the Y. M. C. A. concluded the evening.

Pasty Sale On Saturday

The W.S.C.S. of the Central Methodist Church is sponsoring a pasty sale Saturday, March 11. Advance orders may be placed by calling the church office, 786-0643 until Saturday noon.

Rosary Society Will Elect New Officers

BARK RIVER—A nominating committee was appointed to prepare a slate of officers at the Monday night meeting of St. George Rosary Society held in the parish hall. They are: Mrs. Stanley Bugay, Mrs. Reinhold Bittner and Mrs. Martin Kwarciany. Election will be held at the April meeting.

Mrs. Joseph Grzybowski, Sr. reported the results of the bake sale held Feb. 11. Mrs. Ray Teal announced the program for the Marquette Diocesan Council of Catholic Women Convention which will be held in Escanaba, April 1 and 2. Mrs. Harvey Arken, vice-president, will be the delegate and Mrs. Leonard Veesser was named alternate.

Dale Francis, executive editor of Our Sunday Visitor, will be the convention speaker at the banquet on Saturday night, April 1. Magr. Joseph J. Dunleavy, diocesan moderator and

former pastor of St. George, Bark River, will deliver the keynote address Saturday afternoon.

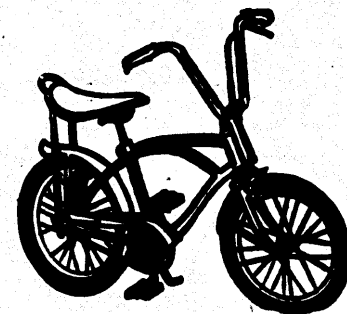

Mrs. Leonard Veesser won the door prize. Lunch was served by members of St. Anne Circle with Mrs. Raymond Brunette as chairman. Following the close of the business meeting, Mrs. James Anderson showed slides taken in Mexico. She also had a large display of Mexican artifacts: dolls, money, mantilla, rug, poncho and other articles.

Births

LEVESQUE — Mr. and Mrs. Harold Levesque of Escanaba Rte. 1, welcomed their first child, a daughter, Melissa Ellen, weighing 6 pounds and 8 ounces at 7:42 p.m. on March 7. Mrs. Levesque is the former Mary Ann Greer.

Baking cornbread to use in turkey stuffing? If you want to follow a traditional Southern method, omit sugar in the cornbread.

Give me one more good reason why I should buy another appliance from Montgomery Ward...

WARDS new GOLDEN SERVICE AGREEMENT!

WHAT'S A GOLDEN SERVICE AGREEMENT? It's the most modern, comprehensive service coverage that we know of. Now you can have the peace of mind of complete protection, parts and labor for an unlimited number of calls, on as many as 58 Wards appliances.

FIFTY - EIGHT APPLIANCES! That's right, complete coverage on any or all fifty-eight for one nominal monthly charge.

IT MUST BE SOME MONTHLY CHARGE! You'd be surprised. You can have this complete protection for just ten dollars a month. This may well be less than you are paying for other types of service contracts... or less than just one major repair on one appliance. And the price is the same no matter how many appliances you own, even if you own more than one of the same appliance.

SOUNDS GREAT, BUT I WANT TO SHOP AROUND. Don't bother. Only Wards has the Golden Service Agreement. And, it applies only to Wards Signature and Airline appliances. That's why it makes sense to buy any new appliance you're thinking about from Wards. The Golden Service Agreement automatically covers all new Wards appliances... at no increase in cost. Can you top that?

OR IF YOU'RE BUYING YOUR FIRST WARDS APPLIANCE... you can get the same complete, low-cost service protection with our famous Silver Service Agreement.

I MIGHT BE INTERESTED... Then we suggest you visit your nearest Montgomery Ward store and ask anyone in the Appliance Department about a Golden Service Agreement. After explaining it in detail, the coverage you get and how much you benefit, our appliance man may sell you one.

MAY I SELL ME ONE? Yes, may. Because if you do not have need for a Golden Service Agreement, we won't sell you one. That's how serious we are about our Golden Service Agreement. If you don't benefit, we won't sell you one.

HOW ABOUT SUMMARIZING ALL THIS FOR ME?

Sure! Wards Golden Service Agreement is a new and special kind of service protection for a special kind of appliance owner. It covers all functional parts and labor on all of fifty-eight Wards appliances for one nominal monthly charge... just ten dollars. The Golden Service Agreement is available only at Montgomery Ward and is sold only to customers who have a genuine need for it. If you qualify, see an appliance salesman or service technician at any Wards store... or phone if you prefer.

...you'll like Wards

POLL-PARROT SHOES

PETERSON Shoes

QUALITY FOOTWEAR SINCE 1920

1014 LUDINGTON • ESCANABA, MICHIGAN

PERKY AS PETER COTTONTAIL are Easter fashions for the toddlers, such as these designs. Pastel plaid silk organza dress (left) has two-layer white collar. A pink ribbon falls from the neckline. Double-breasted coat ensemble (right) is a boutique fashion in diagonal twill. The coat has a check collar and cuffs and a matching billed cap. An A-line dress underneath has a check bodice to match the trim of the coat.

Little Chicks Top Easter Fashions

NEW YORK — (NEA) — It will be a toss-up this Easter morn as to whether color honors go to the gaily dyed Easter eggs or the little girls who hunt for them.

Both pastels and vibrant hues run rampant through all the fashions for the toddler crowd. Mother will have no corner on the costume market, either. The coat with its own matching dress is the favorite pint-sized fashion for this spring holiday. Stripes, plaids and checks

are teamed with solids or stand alone, and shapes mainly fall straight from the shoulder in a modified A-line or are completely tented with a swing at the hem.

For the mom who wants her Easter chick to be party-pretty for the occasion, there are pastel silk organzas with contrasting collars bedecked with ribbon ties that fall straight to the hem. And there are real linen coat and dress costumes in oyster white. But both these should be dry cleaned.

For the mother who wants to have her Easter egg and eat it, too, there are pretty fashions that are also practical in which she can dress her little girls. The linen look, dotted swiss

and silklike prints all come in fabrics of man-made fibers that will take to the automatic washer with no ill effects and that will need no ironing. These fashions can avoid anguish over melting chocolate bunnies.

Youth Conference On Nature Beauty

EAST LANSING (AP)—More than 400 young people from throughout Michigan, hoping to find ways they can help back home, will meet at East Lansing Saturday for the Michigan Youth Conference for Natural Beauty and Conservation.

If It's New . . . We Have It!

A WIDE SELECTION of spring and summer sportswear was shown at the annual Newcomer's Club Style Show held Sunday at the Escanaba Area High School Auditorium. Nancy Coon, left, shows the new cotton, canvas look in apple green and wheat. Her hip hugging pants are accented with an apple green contour belt and the long sleeve blouse is striped in co-ordinating colors. Carol Lambert

wears white wide cord hipster pants with a white, orange and yellow rich girl rib knit and topped with an orange and yellow cotton duck skiff with a draw string waist. Every young girl wants a fashion and this cotton ottoman coin dot print in orange and white, worn by Percilla Rosemurgy center is the utmost. It is styled with a low bodice and flounce skirt. This pace setting white pant-

suit, modeled by Kay Nelson, right, has the in look for spring. The set includes a double breasted hacking jacket, tapered pants, straight skirt and navy turtle neck shell. Her straw sailor hat adds a dashing nautical touch. (Daily Press Photo)

Hints from Heloise

By HELOISE CRUSE

Dear Heloise:

When I clean the oven in my stove with oven spray, the directions always say wipe with damp cloth or sponge.

Last time, I happened to use the head of a floor mop. I wet it thoroughly, wrung it out and mopped the top side and the bottom of my oven as neat as you please. It sure was easy on my back and arm muscles.

I found out this was a much safer way, Heloise, because I did not touch the cleanser or have the cleaning substance get

on my arms or hands. What a quick way to clean an oven!

J. R.

You're an angel to tell us about this one.

Last week when I cleaned my oven after testing a hint, I cleaned three sides and had my husband come in and clean the fourth side! (Now he agrees that using foil in the oven is easier.)

Your mop idea was a dilly. Any kind of cotton mop head would serve this purpose. After all, why not clean with a big sweep instead of a little one, if it saves you energy?

Also, are some of you aware that you can use cotton, floor-wax applicators for this oven cleaning job?

Be sure to always wash any object you use, and rinse away these caustic products when you clean your oven. The best way I know of is to use suds, and then rinse it in some vinegar water to counteract the caustic substances.

Hermansville

Blue, Gold Dinner

The annual Blue and Gold dinner was held recently by Cub Scout Pack 478 of Hermansville in the Community Club. Supper, potluck style, was provided by mothers of the Cub Scouts.

The welcome was presented by Cubmaster, Matt Gurgall; pledge of allegiance, by the group; Badges were presented to Roger Arnold, Bruce Ball, Dale Helgren, Robert Gurgall, and Kevin Warbis.

Any boy, 8 year old can now join the Cub Scouts. He can attend the Pack meeting at the Clubhouse on March 28 at 7:30 p.m.

Attending the dinner were Cub Scouts, their parents, den mothers, and their husbands, committeemen and their wives.

KEEPS HANDS SOFT

Fashionable racing gloves have pizzaz but the cutout area exposes skin that needs protection and special care if you want to keep your soft touch. The protection of baby cream will soften the exposed area. This protection, plus a twice-a-week 5- to 10-minute soaking in warmed baby oil will keep your hands soft.

Cyclist Helmet Law Stirs Spat

LANSING (AP) — Helmets, usually a protection in battle, are causing a fight in Lansing. Lansing police said they will start issuing tickets Friday to motorcyclists not wearing helmets—including drivers of the U.S. Post Office's three-wheel carts—under a new state law taking effect that day.

Mrs. Bernice Hill, Lansing postmaster, said the matter has been referred to the Post Office's legal department in Chicago and no helmets will be bought or issued until a decision is made there.

"While we try to comply with local and state laws wherever possible," she said, "we are covered under constitutional immunity as federal employees and are not required to comply with this law until a decision is made by the legal department."

Capt. Warren Eddie, head of the Lansing Police Department's Traffic Division, pointed to not only the state law, but also federal government guidelines which states must meet in order to collect full federal highway construction funds.

Rule No. 3 states: "Require use of helmets for operators and passengers on motorcycles plus safety glass or windscreen."

Lansing already requires its parking meter checkers, who patrol the streets on three-wheel cycles, to wear helmets.

Muskegon Hires City Manager

MUSKEGON (AP) — Robert D. Pulscher, 32, has accepted an offer to become city manager, succeeding George F. Liddle, who is retiring.

Liddle, 65, has been Muskegon city manager since 1942 and before that he held a similar post in Muskegon Heights.

Pulscher now is manager of Coon Rapids, Minn., a suburb of Minneapolis. He was the unanimous choice of the Muskegon City Council on an informal ballot and was one of five candidates for the \$17,500 a year job.

Board To Make Final Decision Next Week

(Continued from Page 1)

complicated without excessive cost. "It is recommended that the Board of Trustees purchase approximately 133 acres . . . lying immediately west of U.S. 2 and 41 and bounded on the south by the new Danforth Road," the report said. "It is also recommended that the Board of Trustees secure a long-term lease on the contiguous property to the north and west (approximately 162 acres presently owned by the City of Escanaba). This land encompasses the present tree farm and could serve as an arboretum and outdoor laboratory area for the student body as well as a recreational space which could ultimately serve as a buffer between the college site and any additional industrial development to the west."

"It is felt that the college structures could be master planned along U.S. 2 . . . The relatively close proximity of light industrial development located immediately west of the property is not seen as a detriment, but as a complement to the existing campus. Vocationally oriented classes could perhaps share time with such future developments."

The Citizens group Wednesday night indicated that the College Board of Trustees should select one of the two Escanaba sites, although Davenport Associates reported its three highest ranking sites would be most acceptable.

Ranking third in the site evaluation study was the Saunders Point-Wilderness Park area in Gladstone.

Selection of a site for expansion is part of the long-range planning underway for the college, said President Richard Rinehart. Also under consideration is the type of program the college should offer, its service district and methods of financing.

Dr. Rinehart said these factors and others, including parking areas, recreational space and the planned addition of occupation programs to the college curriculum as well as provision of space for housing and added buildings, translated into a requirement of a minimum of 40 acres for the college by 1975 with the desirability of access to an additional 80 acres if available at low cost.

Although new facilities are being planned, Rinehart said the current building would continue to be used for at least 15 years for part of the college program.

He added that the college has no desire to expand beyond the present two-year status, but must provide for expanding enrollment and service.

Most immediate need, he continued, was for an occupational-education building which would permit instruction in occupational skills and also, per-

Hold 2nd Man In Boys' Killing

ROCKFORD, Ill. (AP) — John W. Williams Jr., 17, has been ordered held without bond in connection with the execution-style slaying of two 14-year-old boys.

Williams, son of a former deputy sheriff, was ordered held by Circuit Court Judge John Ghent, who ruled Wednesday after hearing testimony that the youth boasted his father had bought him a new gun.

The bodies of Ronald Johnson and his first cousin, Wayne Mullendore, both of Rockford, were found a week ago in a park pavilion. They each were shot in the back of the head and the abdomen.

During the preliminary hearing for Williams, State's Attorney William R. Nash of Winnebago County indicated that more than one person may be involved in the slayings.

"We can speculate that there were other persons involved, and they may not have realized that this incident would go as far as it did," Nash told Judge Ghent. "Perhaps these people were seated in a car and heard shots."

Williams, who is being held for action of the grand jury, was acquitted in January of a charge of aggravated battery resulting from the wounding of a 15-year-old boy by a sniper's bullet.

Detroit Air Is Rated Third In Amount Of Dirt

WASHINGTON (AP)—A public health official has rated Detroit third in the national dirty air derby.

S. Smith Griswold of the National Center for Air Pollution Control told a Senate subcommittee Wednesday that New York has the dirtiest air in the nation.

Griswold said Chicago was second and Washington, D. C., fourth.

"A major source of pollution is right here on Capitol Hill, Griswold said.

Griswold quickly explained he was referring to the Capitol's power plant, not to the lawmakers.

hops, include science laboratories and a library.

Dr. Rinehart emphasized that although the recommendations of the planning firm will be weighed heavily in the final decision of the Board of Trustees, the Board still has final voice on the selection.

Heirman pointed out that the decision on site is "very important" and that the college board has the responsibility for "making the best decision it can" to provide for the future of the college.

State Transportation Committee Is Proposed

LANSING (AP) — A proposal to create a six-member legislative committee to survey Michigan's long-range transportation needs and develop a master plan to meet them was approved Wednesday by House Democrats.

House Democratic Leader Joseph Kowalski of Detroit described the proposal, adopted by the party caucus, as part of the 1967 Democratic legislative program.

The proposed committee would be authorized to hire a professional staff to establish the master plan.

The State Highway Department now is the body devoting the most effort to transportation, but does not yet consider the potential ramifications of rapid transit systems, Kowalski said.

"All forms of transportation will be studied and priorities in development established among them," Kowalski said. "After the study is complete the recommendations of the committee will be incorporated in specific legislative proposals."

He said the committee would require a \$100,000 appropriation and would be expected to complete its study after one year of extensive work.

Kowalski said Michigan faces a complex transportation problem caused by rapid growth of population, increasing use of transportation facilities, greater reliance of commerce on transportation and new advances in technology.

Many agencies are concerned about transportation problems

County Equalized Valuation Unlikely To Be Changed

Delta County's state equalized valuation, except for normal growth, is not expected to change substantially from last year, Peter Ross, county tax director, said today.

Ross met Tuesday with Robert Purnell, chairman of the State Tax Commission, in Lansing to discuss equalization figures for Delta County. The state reportedly had been considering a change in equalized valuation for the county based on a real estate sale sample taken last fall, but Ross said his data disproved indications of the sample.

He said the state will review Delta County's figures and if they turn out all right it is not likely there will be a substantial change this year.

Delta County's 1966 state equalized valuation was about \$78,800,000.

The blood in a normal human being weighs a little more than seven pounds of every 100 pounds of body weight.

but none are able, or inclined to consider the whole problem he said.

A single body will bring together relevant information and competent people in transportation planning, Kowalski said.

The Democratic leader said Republican Gov. George Romney has asked that a bureau of transportation be created within the Department of Commerce.

"Should his request be granted

the prospects of having a comprehensive transportation plan developed are improved but by no means guaranteed," Kowalski said.

"If the Legislature is dependent upon executive sources of information the ability to judge independently the merits of executive proposals is placed in jeopardy and doubt," Kowalski added. "Independent information must be available to the Legislature."

More Manager Skills Needed In Transport

A program to ease the transportation problems that have handicapped growth of many businesses in Northern Michigan is recommended in a report financed by the Economic Development Administration of the U. S. Department of Commerce, reports UPICAP.

The area studied includes all 15 counties of the Upper Peninsula and 33 counties in northern Lower Michigan including Oceana, Newaygo, Mecosta, Isabella, Midland and Bay and all counties to the north of these except Huron.

EBS Management Consultants, Inc., of Washington, D. C. did the study and reported that low value commodities such as mining and forest products find it difficult to compete because of high transportation costs. On the other hand, manufacturers of very specialized high value products are troubled by the lack of high speed, dependable transportation.

Recommendations To meet these varied problems, which differ in the U. P. and Lower Peninsula, the study recommended:

*Improved motor transportation.

*Introduction of better freight handling methods coupled with better transportation equipment.

*Formation of voluntary shipper associations to pool small, individual shipments in order to cut transportation costs.

*Creation of "data banks" of information on transportation services and costs.

*Development of weekend bus transportation service from several metropolitan centers to the ski areas near Petoskey.

Only One Need The report emphasized that transportation problems are only one factor affecting business growth in Northern Michigan. "While it is evident that improvements in transportation

Koreans Seek Modern Guns

SEOUL, South Korea (AP) — America's South Korean allies are saying "me, too" in a big way after learning that the United States is selling neutralist Singapore 23,000 modern automatic rifles.

The Koreans want up-to-date guns for their troops along the frontier with North Korea as well as those in Vietnam who are still armed with World War II model weapons.

Defense Minister Kim Sung-eun told a news conference he will ask U.S. officials to issue modern automatic weapons to the 45,000 Koreans in Vietnam when he accompanies Premier Chung Il-kwon to Washington next week.

Kim refused to comment on the Singapore weapons deal, but he said it was urgent that "out-moded" small firearms of our boys" in Vietnam be replaced with automatic weapons suitable for jungle warfare.

Kim, a former Marine officer, said modern weapons were also needed for his troops manning the 152-mile Korean truce lines with World War II M1 rifles while North Korean troops across the line are armed with modern automatic weapons.

The Seoul newspaper Hankook Ilbo said the sale of automatic weapons to Singapore "makes us feel as if we had been betrayed by a friend."

Texas has 4,500 square miles of lakes, rivers and streams.

Color Photos Glorify Striking New SPRING FASHIONS

Against vivid, colorful Florida back-grounds, a Sentinel photographer on location took full color pictures of a thrilling pageant of new spring fashions, embracing all aspects of what smart women will be wearing this season.

The best of these striking pictures will be reproduced in full color in the special Spring Fashion edition of "The World of Women," a separate section with The Sentinel of Wednesday, Mar. 15. With the pictures will be complete data about the garments and accessories shown, and about the spring fashion outlook generally. All the merchandise will be available at local area stores.

The Spring Fashion Number has been assembled by Fashion Editor Vivian Kawatzky.

Wednesday, Mar. 15

Men's Fashions, too!

Anita Black will feature the new collarless shirts this month and spell out major style trends for the year ahead in her prize winning illustrated Sentinel column, "Memo to Men."

Mondays

we care

A-P has nationally famous brands no one else has!

Your A&P has all the brand names you know and want...
Del Monte, Campbell, Nabisco, Heinz, Kraft... just to name a few.

But your A&P has more brands like
A&P, Ann Page, Jane Parker... just to name a few.

These exclusive A&P Brands have earned their
nationally famous reputation. How?

By virtue of quality.

Quality so outstanding, we guarantee without condition,
that they are the equal of or better than any brand you know.

If assured quality isn't enough,
and if you're concerned about your food costs, think of this:
A&P's own nationally famous brands offer you assured savings...
meaningful savings.

Not every store can offer you this.
A&P can...and does.
Shouldn't A&P be your store?

MANISTIQUE

Primrose Giving Scholarships To 3 Seniors Here

William Primrose of Escanaba has announced that he is sponsoring three \$200 scholarships for seniors from Manistique who will enter Bay de Noe Community College in fall.

Gary Orlich of Germfask and George Lasica of Manistique, students at Michigan Technological University in Houghton, received Primrose scholarships in the past.

Mrs. Minnie Primrose Eaton ran the Park Hotel from 1917 to 1920 and Mr. Primrose's stepfather, Joseph Eaton worked for Inland Lime and Stone Co. Mr. Primrose graduated from Manistique High School in 1916.

DeCelle Named To Head Family Activity Group

Fran DeCelle has accepted chairmanship of the family activities group of the Community School advisory board.

Rev. Roy Pitts, chairman, appointed Jeanne Larson, chairman, Ronald Morton and Dean Rhoads to a nominating committee. They will secure representation from Mueller, Doyle, Germfask, Fairview and Hiawatha township groups.

Various committee reports were given. Jack Roemer and Don Belleville were special guests. The next meeting is April 4.

Briefly Told

Public safety officers ticketed Thomas E. Tufnell, Rte. 1, speeding.

Fine of \$50 and costs of \$6.70 and a 5-day jail sentence were given Andrew E. Swisher, 23, of Germfask when he appeared in Justice Court on a charge of illegal possession of venison illegally taken. All hunting privileges have been revoked until Oct., 1968.

State Police ticketed Kenneth P. Seymour, Fayette, reckless driving; Louise R. Magnusson, Germfask, permitting unlicensed minor to drive motorbike; Daryl Gravedoni, Sault Ste. Marie, and John G. Zimmerman, Sault Ste. Marie, speeding.

Hospital

Admitted to Schoolcraft Memorial Hospital were William McKenzie, Alma Hynes, Wayne Stanley and Ricky Cook.

Discharged were Sarah Ross, William Willour, Mary Handrich, Clare Freeland, Shirley Martindale and Gary Walker.

Fishing Slow; Perch Big Show

A general exodus of fishermen from shanties has been taking place with fishing generally slow. Perch are the present biggest attraction.

The Conservation Department states good catches are reported from Big Manistique Lake between Helmer Bay and Burnt Island. A good possibility may be off Needle Point. Fair catches are being made in Les Cheneaux channels using wigglers and white grubs. The perch are small-sized. Some big perch are being taken on Millecoquins Lake and Hulbert Lake and off Lime Island in Raber Bay.

A few nice walleye are reported taken in Helmer Bay area of Big Manistique Lake in early morning and toward dusk. A few northern pike are being taken in the Munuscong Bay area of the lower St. Mary's River. A few menominee are being speared in West Bay at Grand Marais.

Whitefish spearing has dropped in the Upper St. Mary's River. A few are taken on hook and line using corn and wigglers, in the lower St. Mary's.

Cisco catches were made at Whitefish Lake the past week and better fishing is expected as ice thaws.

There was a report of another sturgeon in the 40 to 50 pound class speared on Indian Lake the last day of the season.

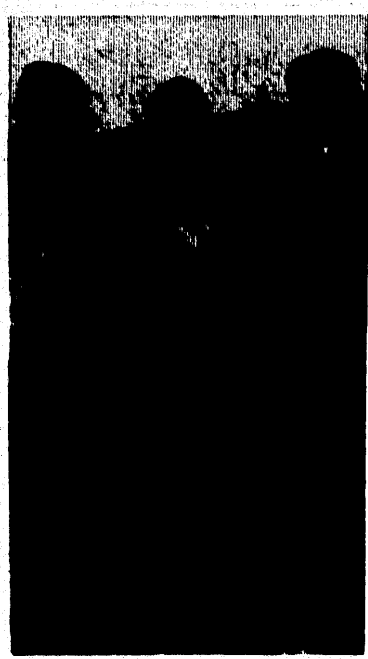

A report was received that a 28 pound muskellunge was speared on Brevoort Lake Feb. 28.

An occasional jumbo smelt is taken by perch fishermen at Hulbert Lake. Rock bass are available to fishermen on Hulbert Lake just prior to dark. They can be taken on wigglers or perch eyes in 20 to 60 foot depths.

Social

Study Club

"Everything But Money" by Sam Levinson was reviewed for members of the Study Club March 6 by Mrs. Fred Cayia Jr. The meeting was held at the home of Mrs. John Moffat with Mrs. Paul Larson assisting. The next meeting will be held March 20 at the home of Mrs. Carl Carlson who will also present the book review. Mrs. John Kelly will be the assisting hostess.

TRACY LaROSE, right, soloed on his 16th birthday at Schoolcraft County airport through Bernard Flight Service instruction. Jack Orr, a student, at left and Walter Peterson, private pilot extended their congratulations.

C-C Winning Slogan Picked

Debra Gillam has submitted the winning slogan in the Top O' Lake Michigan contest and her slogan "Hiawatha's Playground" will be used in visual form in Chamber promotional material. She will receive a \$50 bond for her efforts. More than 200 entries were received. Judges expressed appreciation for them.

VFW Auxiliary Plans Projects

The VFW Auxiliary discussed plans for a fund-raising party at 8 p.m. March 20 for Bay Cliff Health Camp, at its meeting Monday night. A donation was voted for the new project of the department president to provide sewing machines for women in Viet Nam through CARE.

Plans also are being made for the Easter Hat parade at Newberry Hospital March 18. Donations of hats will be appreciated.

Birthdays of four were recognized. Scuffs made by Mrs. Eli Cousineau for patients at the VA Hospital in Iron Mountain were presented. Lunch was served. Mrs. Wallace Peck received the gift award.

A joint meeting with the Post was held Wednesday.

Obituary

MRS. JOHN DOYLE

Funeral services were conducted at 10:30 a.m. Wednesday in St. Francis de Sales Church for Mrs. John (Agnes M.) Doyle, 88, who died Sunday. The Rev. Robert Kennedy officiated. Pallbearers were William Hough, K. W. Eimmerman, William Cowman, Gordon Denny, John Carstensen and Leon Wood. Burial was in Lakeview Cemetery under direction of Messier - Broulliere Funeral Home.

In Service

Tom Mercer, son of Mrs. Marvin Mercer, 155 N. Maple St., has qualified as an expert marksman, ranks second in a company of 230 men and is within two points of being the top marksman. He is stationed at Fort Leonard Wood, Mo.

Garden Peninsula

Mr. and Mrs. Richard Tator of East Detroit are the parents of a 7 pound, 1 ounce boy, Scott Allen, born March 3. The paternal grandparents are Mr. and Mrs. Robert Tator of Garden.

Twenty guests gathered at the home of Lana Lucas, daughter of Mr. and Mrs. Sid Lucas, to celebrate her 14th birthday and honor David Gauthier of Pontiac, a former classmate, who spent the weekend at the Norman Rochefort home.

A 4-H meeting was held at the Garden school Thursday, to prepare for achievement day which will be held March 29. The Garden Jr. leaders will be hosts to the Jr. leaders from Delta and Schoolcraft county, at 1:30 p.m., March 11 at the St. Johns Hall.

All 4-H members and leaders are requested to attend the special meeting to be held after school, March 10. Final plans will be made for the local achievement day.

C-C Will Host UPCAP Meeting

Directors of the Top O' Lake Michigan Chamber of Commerce will attend a noon luncheon March 21 at the Surf with UPCAP delegates.

The 70 or more delegates of the U.P. committee on area progress will be guests of the Top O' Lake Chamber of Commerce for a day-long meeting from 10 a.m. to 8 p.m.

The delegate body is composed of representatives from 14 U.P. counties and alternates, from four U.P. colleges and universities, and six Peninsula Community Action agencies.

Harold Dettman of St. Ignace is chairman, Harold Vanlerberghe of Escanaba, secretary and Fred Hahne, Manistique, treasurer.

Ensign

Birthday Luncheon

A birthday luncheon honoring Mrs. Tom Safford was held recently at the home of Mrs. Bertil Gustafson. Guests included Mrs. Wallace Bick, Mrs. Royce Gustafson, Mrs. Herbert Lundin and Mrs. Charles Bow-en.

Mrs. Norman Butler of Gladstone demonstrated the art of modeling to girls of the Ensigns 4-H Club Thursday, March 2 at the Ensign Township Hall. Mrs. Butler, the former Sandra Soderstrom of Perkins, was a professional model in Chicago. Mrs. Butler presented tips on posture and appearance and hints on "looking one's best."

Mrs. Herbert Lundin made the arrangements for Mrs. Butler's appearance at the modeling meeting. Ensigner 4-H girls are preparing for local and county achievement shows.

4-Hers attending the modeling demonstration were: Jean Pajnich, Ruth Olson, Carolyn Nelson, Regina Olson, Gail Sundberg, Bonnie Hansen, Connie Lundin, Maxine Constantino, Cathy Fix, Mary Fix, Monica Fix, Donna Rasmussen, Kathy Johnson, Judy Hansen, Christine Dominick; Ensign leaders, Mrs. Glen Lundin, Mrs. Herbert Lundin, Mrs. Frank J. Lundberg, Mrs. Bill Pajnich, and Mrs. Hjalmer Nelson.

Ensign Club

Ensigner 4-H Club will meet Monday, March 18, 7 p.m. at the Ensign Township Hall. The king and queen to represent the Ensign Club at County Achievement, April 1, will be selected.

Date Changed

Ensigner 4-H Club's Local Achievement date has been changed to Monday, March 27. Previous date was set for Saturday, March 18. The show will be held at the Ensign Township Hall beginning at 7 p.m.

Leaders Meet

Ensigner 4-H leaders will meet Tuesday, March 14, 7:30 p.m. at the Thomas Safford home. Local achievement show awards will be discussed.

Junior Leaders

Ensign junior leaders are reminded of the county junior leader meeting which will be held Saturday, March 11, 1:30-3:30 p.m. at Garden's St. John's Hall. The Garden 4-H members will host the meeting. Recreation led by Art Vasold, county 4-H agent, will follow the business meeting. All junior leaders are encouraged to attend this meeting to make arrangements for County Achievement Day.

Newspaper Want Ads are a big sell! One billion, twenty-one million was spent on classified ads last year... more than for all magazine advertising combined and more than 200 million more than radio advertising.

Rapid River

Royal Neighbors

Royal Neighbors will meet Tuesday, March 14, 2 p.m. at the Rapid River home of Mrs. Herman Stenlund.

Correction

A correction is made on the delegate attending the DCCW meeting for Rapid River St. Charles Borromeo Church. Mrs. Mary LaCrosse will be representing St. Charles instead of Mrs. Stanley Dominick. Mrs. Frances Johnston is the other St. Charles delegate.

Plans Canceled

The Women's Fellowship of Rapid River Congregational Church have canceled plans for the St. Patrick's Day Dinner.

Easter Vacation

Easter vacation for Rapid River students will begin Thursday, March 23. Classes will resume Wednesday, March 29.

Achievement Show

Rapid River 4-H Club has set its local achievement show for Tuesday, March 20. The show will feature several fashions made and styled by the members.

Baby Contest

The sophomore class of Rapid River High School is sponsoring a baby contest. Baby pictures of the varsity basketball players have been placed in the school halls with directions for students to vote with pennies for their favorite picture.

This class has sponsored several unique events at the school. These events have included, "An Ugly Man Contest," "A Turnabout Dance," and publishing twice a year the "Testweek Crier."

Rapid sophomore class officers are: President, Mike Rasmussen; vice President, David Whipple; Secretary, Kathryn Froehl; Treasurer, Peggy McClincy; Student Council, Lorraine Jacobson, Clint Safford; teacher advisor, Mrs. Ray Phillips.

Sell Candy

Rapid River junior class is selling candy. Members of the class will have the candy for immediate sales. The class hopes to earn \$400 from the candy sales toward its senior class trip.

GLADSTONE

Smear League Plans Banquet

The Masonic Smear League Banquet will be held at the Masonic Temple Saturday at 6:30 p.m. A roast beef dinner will be served and all who have taken part in one or more games are entitled to attend.

The league completed their schedule March 1 and the Martin Caldwell team will receive the winners trophy at the banquet. Films will be shown after the business meeting.

In Service

Spec. 5 Gordon W. McLeod, son of Mrs. Patricia M. Badini, Milwaukee, Wis., reenlisted for six years in the Regular Army while serving with the 27th Artillery in Vietnam. A personnel management specialist in Service Battery of the artillery's 6th Battalion stationed at Long Binh, McLeod entered on active duty in Feb. 1960 and was assigned to the Armored Forces Entrance and Examining Station, New Orleans, La., before his arrival in Vietnam last August. Spec. McLeod, whose wife, Jeannine, lives at 402 Minneapolis Ave., Gladstone, Mich., is a 1959 graduate of Holy Name High School.

Briefly Told

Trinity Episcopal Church Lenten services will be held at 7:30 p.m. today.

Steve Selin, 22, of Ironwood, was given a notice to appear for violation of the basic speed law Wednesday after his car ran into the rear of a car driven by Ralph Sturdy, 42, of Rte. 1, Gladstone. Neither driver was injured. The accident happened at 10:40 p.m. as Sturdy slowed to turn off County Rd. 426 onto D-40 in Wells Township. Troopers issued traffic summonses Wednesday to Fred Neimi, Sault Ste. Marie, Ont., speeding; Fred Myrsten, Bark River, no registration or proof of insurance, and Roland Barrieau, Hermansville, no operator's license and no registration or proof of insurance.

Iron Mountain and Crystal Falls, 1-2 in the Menominee Range Conference race, dominated the all-conference basketball season selected by coaches on an all opponent basis this week. Selected from the Mountaineer outfit were senior Don Cooper and juniors Brian Oulmette and John Webb and from the Trojans were senior Russ Brittain and juniors Kurt Stoor and Gary Sachek. Rounding out the 10-player honor squad were Bob Mastie of Norway, Dick Maglin of Niagara, Jeff Franson of Kingsford and Joe Vaccaro of Stambaugh. Iron River failed to place a player on the squad.

Coach Dean Lewis' St. Pat's cagers captured the annual grade school basketball tournament recently, beating All Saints by a 36-15 margin in the finals. Dale Weber scored nine points, Mike Backlund six and Dennis Ryan five for the champs. St. Joe edged St. Thomas, 31-23, for third place in the annual event.

Suomi College of Hancock fashioned its best basketball record in history this season by winning 23 of 27 games. The Lions, paced in scoring by Dave Vertanen and in rebounding by Jon Cameron, averaged 102.2 points per game for a total of 2,760, both new school records. Vertanen, who starred in prep ranks at Rock and Chassell, set a single season scoring record with 650 points, an average of 25 per start. Cameron, ex-Manistique standout, came up with 346 rebounds.

The top player on the Cheboygan Catholic team that meets Rapid River in the Class D regional tournament game at St. Ignace tonight is Chris Lindsay, a 6 foot 3 inch center who averaged 25 points per game during the regular season. He set a new school single game record with a 39 point explosion in one contest. Jim Gahn, a 6 foot 2 1/2 inch forward, averaged 18.2 points per game for the Eagles.

Two St. Ignace cagers were named to second team berths on the Straits-Huron all-conference team which was selected by coaches this week. Frank Ahlich, 6 foot 2 inch senior center, and Clem O'Rourke, 6-1 junior forward, were honored. St. Ignace is the only U.P. school in the conference along with downstate Alpena Catholic, Petoskey, Rogers City and Cheboygan.

Esky Players Pace Great Northern In Every Department

The Escanaba Eskymos completely dominated the Great Northern Conference final statistics, released today by Ken Peterson, league statistician.

Escanaba won the varsity and junior varsity crowns with undefeated records and Eskymo players led every individual category in the conference.

Luck Pays Off As 76ers Win

BOSTON (AP) — Coach Alex Hannum of the Philadelphia 76ers would rather be lucky than good — and he hopes his luck holds out against the Boston Celtics in the National Basketball Association playoffs.

"I gooted but I got lucky," Hannum said of the hectic final seconds in which the 76ers pulled out a 115-113 overtime victory over the Celtics Wednesday night to clinch their second straight Eastern Division title.

Philadelphia was leading 113-112 when Wilt Chamberlain fouled Boston Player-Coach Bill Russell with 21 seconds left. It was the 76ers' fourth team foul of the overtime period, giving Russell two shots, but he sank only one to tie the score.

The 76ers then held the ball for the last shot, and Hal Greer hit on a 25-foot jumper to win the game with two seconds left. "I yelled for Wilt to take that foul," Hannum said, "but I thought it would only give Russell one shot. If he'd made both shots and we'd lost, I'd be the goat, but I bailed out with luck."

The victory not only clinched the regular season title but also evened the season's series between the teams at 4-4 with one game left. It also established an NBA record of 63 triumphs in a season, breaking the old mark of 62 set by the 1964-65 Celtics.

Philadelphia trailed by as much as 15 points in the third period, but rallied behind the sharpshooting of Greer, who had a game high 37 points. Bill Cunningham scored 21 points for the 76ers, while Chamberlain had 17.

Escanaba Will Carry Impressive 17-2 Record Into Regional Meet

By RAY CRANDALL
(Press Sports Editor)

It's not true that Escanaba High School basketball teams win Upper Peninsula championships every year — it just seems that way when March comes along.

Actually, Coach Harold Johnson's Eskymos are making their sixth trip in eight years to downstate tournament competition.

The Upper Peninsula Class A champs left at 8 this morning for Grand Rapids where they will enter regional action Friday night at 8:30 against Grand Rapids West Catholic. Grand Rapids Central and Otawawa Hills meet in the other regional semifinal at Godwin Heights High School at 7.

Started in 1966

The Eskymos started the string in 1966 when they won the U. P. Class B title and advanced to the quarterfinals in state tournament competition.

Escanaba became a Class A school in 1961 and has captured the Peninsula title in the large school division in five of the last seven years.

This year's edition of the Esky basketball team will carry extremely impressive credentials into the Grand Rapids regional, which they have never survived in past seasons.

Johnson's cagers won the Great Northern Conference crown with a perfect 8-0 card. Against all competition in the regular campaign the Eskymos fashioned a 15-2 record. The setbacks were suffered to Ishpeming and Alpena, both on the road, and in both games the Eskymos were short-handed because of injuries. Both losses came by three points, 64-61 to Alpena and 74-71 to Ishpeming. In an earlier meeting at home the Eskymos had humbled the Hermittes, 81-61.

Carry 17-2 Record

Escanaba breezed through the regional tourney at Northern Michigan University last week-end with ease, trimming Marquette by 27 points in the final after disposing of Sault Ste. Marie by 22 in the semifinal. Those victories sent the Eskymos downstate with a 17-2 mark.

Outside of the two regular season setbacks, only one team came close to the Eskymos this year. Iron Mountain pushed them to the wire before bowing by two, 79-77.

Current team and individual statistics paint a brilliant picture for the Eskymos. As a team, the Eskymos have outscored their opponents by 20 points a game, totaling 1,467 to 1,100. The Esky average per game was 77.2 and their foes were held to 57.8.

The Eskymos set an all-time school season scoring record by hitting a shade under 50 per cent of their shots from the field and 60 per cent from the free throw line. As a team,

the Eskymos made 582 of 1,194 field goal attempts and 300 of 501 from the foul line.

Rugged Rebounders

Escanaba virtually destroyed the opposition in the rebound-

ing department, hauling down 1,019 to 595 for their foes.

Paul Miller, a 6 foot 1 inch senior guard who has been a

standout since his sophomore year, matured into the great-

est scorer in Escanaba history this season.

Miller has rewritten the entire Esky scoring record book in his sparkling career. His season point total of 493, career total of 1,055 and a single game high of 44 all wiped out the best individual performances in school history.

Miller fired with radar-like accuracy to reach his record scoring figures, hitting 55.2 per cent of his shots from the field and pouring in 93 of 123 opportunities from the free throw line. His field goal figures were 200 out of 362 attempts. He won the Great Northern Conference scoring crown with a 25.1 average in eight games.

Following Miller in the scoring department were a pair of towering teammates, Bob Myrvall and Dave Nyquist, 6 foot 5 inch seniors.

Myrvall Deadly Shooter

Myrvall shot at a fabulous 68.8 per cent from the field with 124 buckets in 180 attempts and added 36 free throws for 286 points, an average of 15 per game.

Nyquist, who played one less game, hit 49.4 per cent from the field and scored 240 points, an average of 13.1.

Fourth leading scorer on the team was sophomore guard Dan Mylander who tossed in 136 points and was credited with 122 assists. Bernie Larson, front line reserve standing 6 feet 4 inches, followed in scoring with 94 points while

Jim Boyle added 55, Bob Irish 40, Tom Boyle 28, Butch Lay 27, Jerry Brazau 21, Mike Olsen 19, Bob Schmeling 17 and Jerry Cole 8.

Nyquist, a 230 pound strongman, beefed up the Escanaba rebounding game with 270 for the season, averaging 14.2 per game. He was the best rebounder in the Great Northern Conference with 120. Myrvall was close behind in the season total with 239 while

Jim Boyle grabbed 83 and Larson 67.

NEW YORK (AP) — New math, old math, any way you figure it the Detroit Red Wings are six points out of the Stanley Cup playoffs and have only 10 games left.

The Wings beat New York 3-1 Wednesday night and are in fifth place in the National Hockey League with 52 points. Montreal, holding down fourth and the last playoff berth, has 58. The Canadiens lost to Toronto 6-4 Wednesday while Chicago defeated last-place Boston 3-1.

That means in 10 games the Wings must run up seven points more than Montreal. The Canadiens have 11 games left and if they win 5, lose 5 and tie one, Detroit will have to win nine of their 10. In the NHL, teams get two points for a victory and one for a tie.

New York pumped 33 shots at rookie Wing goalie George Gardner, but he let only one of them through. Detroit got only 27 shots, but three of them beat Ranger goalie Ed Giacomin.

Gary Bergman fired from the point on a power play in the first period and Floyd Smith deflected it past Giacomin. Bruce MacGregor made it 2-0 in the second period, lifting a shot past Giacomin from a pileup in front of the net.

Busy Norm Ullman slammed in a power play goal—his 23rd tally — seven minutes into the third period.

Less than a minute later Bob Nevin got New York's only goal. There was a scramble in front of the net and Nevin's shot got past Gardner.

Chicago — home free as the regular-season champion with an 18-point lead over second-place New York—beat Boston in third period goals by Stan Mikita and Bobby Hull. Skip Krake scored first for Boston, but Ken Wharram tied it for Chicago.

Mikita scored his 31st goal and 85th point in the third period with a 40-footer that bounced off a Bruin defenseman into the net. Hull added an insurance goal, flicking Phil Esposito's pass into the nets for his 47th goal of the year.

ed far out of reach.

Inability to connect from the free throw line was costly for the Arrows who missed four straight shots on 1-and-1 situations in the fourth quarter. They failed to connect on seven opportunities in that period, missed six in the third quarter, two in the second and two in the first. For the game, they made 12 of 29 off 22 DeTour fouls.

Coach Warren Groleau's cagers gave the defending regional champs a severe scare in the first half but DeTour's tournament experience paid off in the second half.

The Red Raiders played their usual aggressive style, pressing man-to-man on defense and fast-breaking whenever possible on offense. Coach Dick Roan's team boosted its record to 18-3 entering Saturday night's championship tilt against the winner of tonight's game between Rapid River and Cheboygan Catholic.

Nahma got the jump on the Eastern Conference champions for a 6-2 lead as Rick Mercer potted two field goals and David Feathers two free throws. The lead changed hands twice before Nahma spurred to lead by four, 14-10, at the end of the period as Mike Turan got into the scoring act with two field goals.

The Arrows held off the Red Raiders through most of the second period to lead, 21-20 shortly before halftime. But DeTour tossed in three quick buckets in the closing minutes to take the intermission with a 24-21 edge.

DeTour's experience began to show in the third quarter as the Red Raiders outscored the Arrows, 10-8. They continued to gather momentum in the final frame in which they pulled

FORGETTING SOMETHING is Larry Siegfried of the Boston Celtics who displays perfect form — with one exception. He doesn't have the ball.

Red Wings Six Points Out Of Playoff Berth With 10 Games To Go

NEW YORK (AP) — New math, old math, any way you figure it the Detroit Red Wings are six points out of the Stanley Cup playoffs and have only 10 games left.

The Wings beat New York 3-1 Wednesday night and are in fifth place in the National Hockey League with 52 points. Montreal, holding down fourth and the last playoff berth, has 58. The Canadiens lost to Toronto 6-4 Wednesday while Chicago defeated last-place Boston 3-1.

That means in 10 games the Wings must run up seven points more than Montreal. The Canadiens have 11 games left and if they win 5, lose 5 and tie one, Detroit will have to win nine of their 10. In the NHL, teams get two points for a victory and one for a tie.

New York pumped 33 shots at rookie Wing goalie George Gardner, but he let only one of them through. Detroit got only 27 shots, but three of them beat Ranger goalie Ed Giacomin.

Gary Bergman fired from the point on a power play in the first period and Floyd Smith deflected it past Giacomin. Bruce MacGregor made it 2-0 in the second period, lifting a shot past Giacomin from a pileup in front of the net.

Busy Norm Ullman slammed in a power play goal—his 23rd tally — seven minutes into the third period.

Less than a minute later Bob Nevin got New York's only goal. There was a scramble in front of the net and Nevin's shot got past Gardner.

Chicago — home free as the regular-season champion with an 18-point lead over second-place New York—beat Boston in third period goals by Stan Mikita and Bobby Hull. Skip Krake scored first for Boston, but Ken Wharram tied it for Chicago.

Mikita scored his 31st goal and 85th point in the third period with a 40-footer that bounced off a Bruin defenseman into the net. Hull added an insurance goal, flicking Phil Esposito's pass into the nets for his 47th goal of the year.

Ranked Flint Quint Wins In D Tourney

By WHITEY SAWYER

Associated Press Sports Writer

John Sperla and Paul Staroba gave Flint St. Matthew a long

boost toward the Michigan High School basketball tournament

Class D finals. But for highly

rated Marysville the Class B

championship trail ended abruptly.

Sperla scored 36 points and Staroba 22 as St. Matthew

downed Fowler 95-74 Wednesday in regional play. St. Matthew, second-rated in Class D,

moves to the regional finals against Orono St. Paul Friday.

Marysville, second-ranked in Class B, fell to Mount Clemens

Clintondale 76-65. Alfie Carrington scored 26 points and led a

balanced attack as Clintondale ran its record to 19-1 with a

victory over the high-scoring Marysville club.

Muskegon Heights, third-ranked in Class A, smashed Holland

104-68.

Mount Pleasant Sacred Heart, the No. 3 team in Class C,

nipped Saginaw St. Stephen 66-61.

Birmingham Groves, the No. 2 team in Class A, in the final

Associated Press high school basketball poll, plays Royal Oak

Kimball tonight.

South Haven, top-rated in Class B, tries River Valley and

Albion, No. 2 in B, meets Vicksburg tonight. The winners will

meet Saturday for the Region I championship.

L'Anse, two-time defending Class champion, opens regional

play against Houghton tonight. L'Anse was top-rated in Class C

Leslie, ranked No. 2, meets Vandercook Lake.

Even, top-ranked in Class D, tries Dollar Bay Friday.

Two of last year's champions, Ferndale in Class A and Covert

in D, failed to survive district play. Grand Rapids East Christian, defending champion in B,

meets Holland Christian Friday.

Art Davis scored 35 points in leading Muskegon Heights past Holland. Kalamazoo Central

tripped East Lansing 66-60 and topped Muskegon Heights Saturday in the regional final.

Warren Fitzgerald, a threat in Class A, ran its record to 19-1 with a 73-60 victory over St. Clair Shores South Lake. Dave Dobowski led Warren with 20 points.

Charles Heard scored 20 points as Detroit Southwestern came from behind to nip Detroit Southeastern 66-61.

Southwestern meets Detroit Pershing Friday in the regional final. Pershing upset Detroit Northwestern, top-ranked in Class A, Tuesday.

The Blissfield scored 21 points and lifted Hamtramck past Pontiac Central, 66-64. Livonia Bentley downed Farmington 66-66 on a basket by Larry Grimm with six seconds left in the game.

In Class B, Cadillac nipped Alma 62-70, despite 40 points by Paul Dean

Britain's Newest Top Model Is Big-Eyed, Twig-Limbed Twiggy

By EDDY GILMORE
Associated Press Writer
LONDON (AP) — "Oh, Gawd," she moaned in a little girl's voice so Cockney that it sounded like someone overdoing the accent, "I'd rather stay and watch the telly."
The groaner was Twiggy. Twiggy is a perfect name for Twiggy.
If names should fit their owners — and vice versa — then Twiggy is decidedly more apt than Lesley Hornby, the name Twiggy's mother and father gave her.
Twiggy is a 17-year-old model with enormous eyes. She wears them heavily blackened, which makes one think of a lovely young calf whose long, thin, wobbly legs has dumped it against a tree and bruised its eyes.
But in the international model business, Twiggy is currently a very warm property. So warm that some think she will outlast Jean Shrimpton before the end of the year.
In this age of gimmickery and the frantic searching for something fresher than tomorrow, Twiggy is already the Mini Queen of a new social aristocracy.
England's aristocracy of 1967 is not the Duke and the Duchess, or the Earl and the movie star. It is the beat group and the singer. The photographer and his model. Or the model and her manager.
Twiggy's manager is Nigel Davies, 27.
As Nigel Davies transformed Lesley Hornby, an unknown weekend worker in a beauty parlor, into Twiggy, Nigel Davies modulated himself into Justin de Villeneuve.
"Justin de Villeneuve is more elegant than Nigel Davies," he has explained.
"My great-great-uncle was Napoleon's admiral," he says. Asked how he happened to see in a skinny schoolgirl the prototype of a world-famous model, he replied:
"I saw the potential, but it took two years to really get her launched."
She has been launched as surely as a yacht. She has been interviewed and photographed over and over again. Her great eyes look out from the covers of slick magazines. She regularly flies to Paris for modeling sessions.

Twiggy likes Paris and this somehow seems as it should be, for she has a waiflike quality that the late great French singer, Edith Piaf, had.
Although Twiggy has joined the ever-growing list of British teen-agers who have made records, her voice is far from Piaf's.
This does not mean, of course that her record of "Beautiful Dreams" will not reach the hit parade.
What is Twiggy like?
She says she would rather watch television than attend big parties. She neither smokes nor drinks.
"Oh Gawd," she has confessed, "I had a drink once. I was so ill."
She still lives with her parents in a respectable but hardly fashionable residential section of north London.
Twiggy is refreshingly frank about herself and her Cockney accent.
"I can't talk posh," she says. "I tried it once in a mirror. I looked sooo funny. I wouldn't want to try to talk posh."
She seems to have a natural modelling sense.
Twiggy quit school when she was 15.
Did she go to a modeling school?
"Oh, noaw. I never had a lesson in me life. All the models have been so kind to me. I watch them and try to learn. But I don't suppose I'll do it as long as some of 'em do. I mean there is one girl in Paris, and she's 36."
"I couldn't do it for 15 years. I'd want to get married and have little Twiggers."
Twiggy leans heavily on her manager when asked anything but the most rudimentary question.
Twiggy likes clothes and a big company is sending her to the United States to persuade young Americans to wear Twiggy clothes.

Sportsmen Cut Trees For Deer

ROCK — The Rock Sportsman's Club has initiated a program of cutting cedar and hardwood on state-owned land in the west Rock area to provide food for starving deer.
Cutting is done under permit issued by the Conservation Dept. in an area about eight miles west and 1½ miles north of Rock.
Richard Aartila, game biologist of Marquette, showed sportsmen where timber for deer browse could be cut. On a previous tour of the area, which included game biologists Joseph Vogt of Escanaba and Ralph Bailey of Marquette and two state senators, Aartila found a dead deer.
Ahti Waak, president of the sportsman's club, urged all sportsmen, whether members of the club or not, to help keep up the project. If hunters expect to hunt in the fall, the program is imperative to keep deer from starving, Waak said.
Assistance is needed from anyone with power saws, snowmobiles and axes. Anyone interested should contact Waak or Osmo Aalto. Sportsmen who also have been participating are Edward Ahlgren, Elmer, Walter and Edward Linjala, and Tauno Pelto.
Trees will have to be cut this weekend and Waak urged as many people as possible to help out.
He pointed out that the area is particularly critical because no commercial timber harvesting is being done in the area. Cedar being cut at present will be cut into seven foot lengths and brought out later. The Sportsman's Club hopes to be able to obtain some of the posts to make a fence at a proposed fishing site on the Escanaba River above Boney Falls.

THE FAIR BASEMENT STORE

ECONOMY WAYS to LEAD the EASTER PARADE!

YOUR EASTER COAT... IS HERE!

\$15.95

A tremendous selection. Checks, tweeds, solids, laminated jerseys, knits, boucles, mohairs, bonded wools... in every new color and style. Junior petites, juniors, misses and half sizes.

Other coats to \$29.95

SPRING AND EASTER DRESSES

\$6.99

Others \$5.99 to \$12.99

A beautiful selection of new dresses... for Spring and Easter. Choose now while selection is complete. All sizes junior petite thru half sizes.

BONDED ORLON SHIRTS

Lime, orange, 8.99 to 10.99
maize, navy, 8-18

YOUR EASTER HAT

\$1.99 to \$3.99

Flower hats, straws, trimmed buckrams... in the season's newest styles and colors.

GIRLS' EASTER COATS

Sizes 3-6X

\$10.99 to \$12.99

Sizes 7-14

\$12.99 to \$15.99

So smartly styled for little girls for Spring and Easter. New fabrics, new styles, new colors.

GIRLS' EASTER DRESSES

3-6X

7-14

\$3.99 \$3.99 and \$4.99

Just the right styles for Easter and all Spring. Solids, prints and new patterns. So pretty!

GIRLS' NEW EASTER PURSES

\$1

Dressy and casual styles in every new Spring color. Big selection just unpacked.

BOYS' LAMINATED SPRING JACKETS

Special **\$6.99**

Handsomely tailored spring jackets for boys in sizes 6 to 16. New styles, new colors.

"DOCTOR KNOWS BEST..."

As American as pumpkin pie is the phrase, "Doctor knows best." We all remember this truism from childhood.
Yet, in this enlightened day, some people, relatively few in number, attempt to diagnose and treat their own illnesses — a dangerous practice to say the least.
Only your physician is qualified to diagnose and prescribe. When medication is required, our prescription department is equipped to serve your needs.
